

## Year 2 Homework—

Below are a variety of maths questions which your child should be able to do.

They may need support to read some of the questions. For the last two questions there is also space to show their workings out.

1. Favourite Ice Cream Flavours

Flavour	Number of People
strawberry	6
chocolate	8
vanilla	3
mint	7
banana	2

a) How many more people preferred vanilla ice cream than banana ice cream?

b) How many people were asked what their favourite ice cream flavour is?

2.	Circle the even numbers.
	2      3      5      8      14      17

3. Using only **two** of these digit cards:

8

1

5

9

a) What is the highest number you can make? \_\_\_\_\_

b) What is the smallest number you can make? \_\_\_\_\_

4.  $8 + 6 + 2 = \boxed{\phantom{00}}$

[illegible]
