

Elder

Mulberry

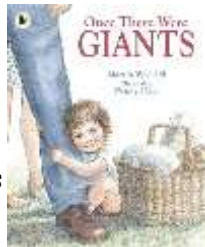

Welcome to the Summer Term!

We hope you have had a super Easter holiday.

Learning in Term 5

The texts we have chosen for this term support children to think about growth, including their own past and future growth. We will finish the term looking at farms and go on our first school trip. You can see our core texts and knowledge organiser on our Term 5 webpage.

Home Projects for Term 5

Thank you so much to all of you who got involved with photos and videos of pets you own, know or would like to have and your signs of spring. The children really enjoyed sharing, listening to each other and asking questions.

This term, we welcome contributions for show and tell using any, or all, of the following areas:

- 1) planting and growing at home
- 2) children's own baby pictures - we will think about how they have changed since they were babies
- 3) family photos. Children will have an opportunity to show their picture and talk about the people in their family. We may go on to create displays and write about our families too
- 4) A challenge for grown ups ☺ - In week 5, we are learning about jobs. If anyone is able to make and upload a (up to 2 minutes) video about their job, we would love to watch it in EYFS! Thank you in advance for any contributions!

Please share all contributions through EvidenceMe.

Forest School

We do not have forest school this term. EYFS will do this again in term 6 when they will be able to spot signs of summer!

Oral Health

This term we will be taking part in tooth brushing in school with The Big Brush Club. We want to support our children to feel motivated to form healthy habits for life. Nationally, tooth decay is the most common cause of hospitalisation for young children children's oral health In 2022, one in five 3-5 year olds experienced tooth decay. Come along to our parent talk on 16th April to hear guidance about brushing at home. You can find out more information about the scheme at <https://bigbrushclub.co.uk/>

Trip

On Tuesday 21st May, we are taking EYFS on a trip to Chew Valley Animal Park. This will cost around £20. More details will follow soon.

Donations

Please continue to bring in small cardboard boxes for junk modelling. Donations of compost and top-soil would also be gratefully received. Thank you for any help you can give.

Key Dates

- Mon 15th Apr - First day of term
- Tues 16th Apr - Oral Health talk 2:30pm
- Mon 6th May - Bank holiday - school closed
- Mon 20th May - EYFS Stay and Play
- Tues 21st May - Trip to Chew Valley Park
- Fri 24th May - Last day of term

Thank you for your support,

The EYFS Team ☺
