

# Coronavirus - Missing My Teacher

Coronavirus is a new type of cold  
and it's making some of my  
teachers stay at home just like I am

My teachers will be doing teacher jobs at  
their house just like I will be learning at my house

I may not see my teachers or friends for a while and I will miss them

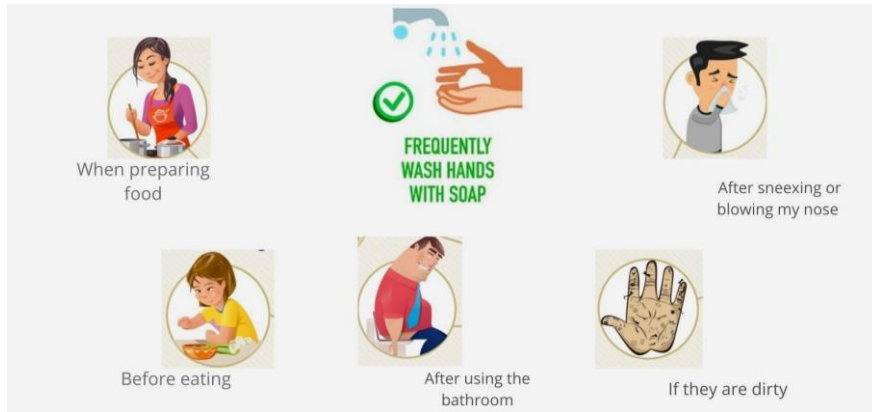

My friends and my teachers will miss me too. That is ok.

My teachers are staying home just like me so that we all stay healthy  
and safe.

My teachers will be following the hand washing rules just like me

I can draw pictures or write notes to give to my teacher them when I see them again - they will really like them!
