
Bath and North East Somerset Race Equality Charter for Schools

This Race Equality Charter has been developed for schools by the B&NES Race Equality and Hate Crime Task Force Partnership, a partnership of organisations made up of representatives from B&NES Council, local schools, Stand Against Racism & Inequality (SARI), Black Families Education Support Group, Off The Record; and Avon and Somerset Police.

The Charter is informed by the views and experiences of Black and Minority Ethnic young people in B&NES, good practice guidance on promoting race equality in education and the legal requirements of the Equality Act.

As signatories to the Race Equality Charter schools are able to make a public statement of their commitment to challenging racism and racial harassment; promoting race equality and cultural diversity and fostering good race relations.

The Charter aims to provide schools with a robust and consistent framework to enable them to identify issues relating to race and racism, develop effective actions to address them and achieve lasting, positive changes in relation to race equality within the education system across Bath and North East Somerset.
