# What Pirates

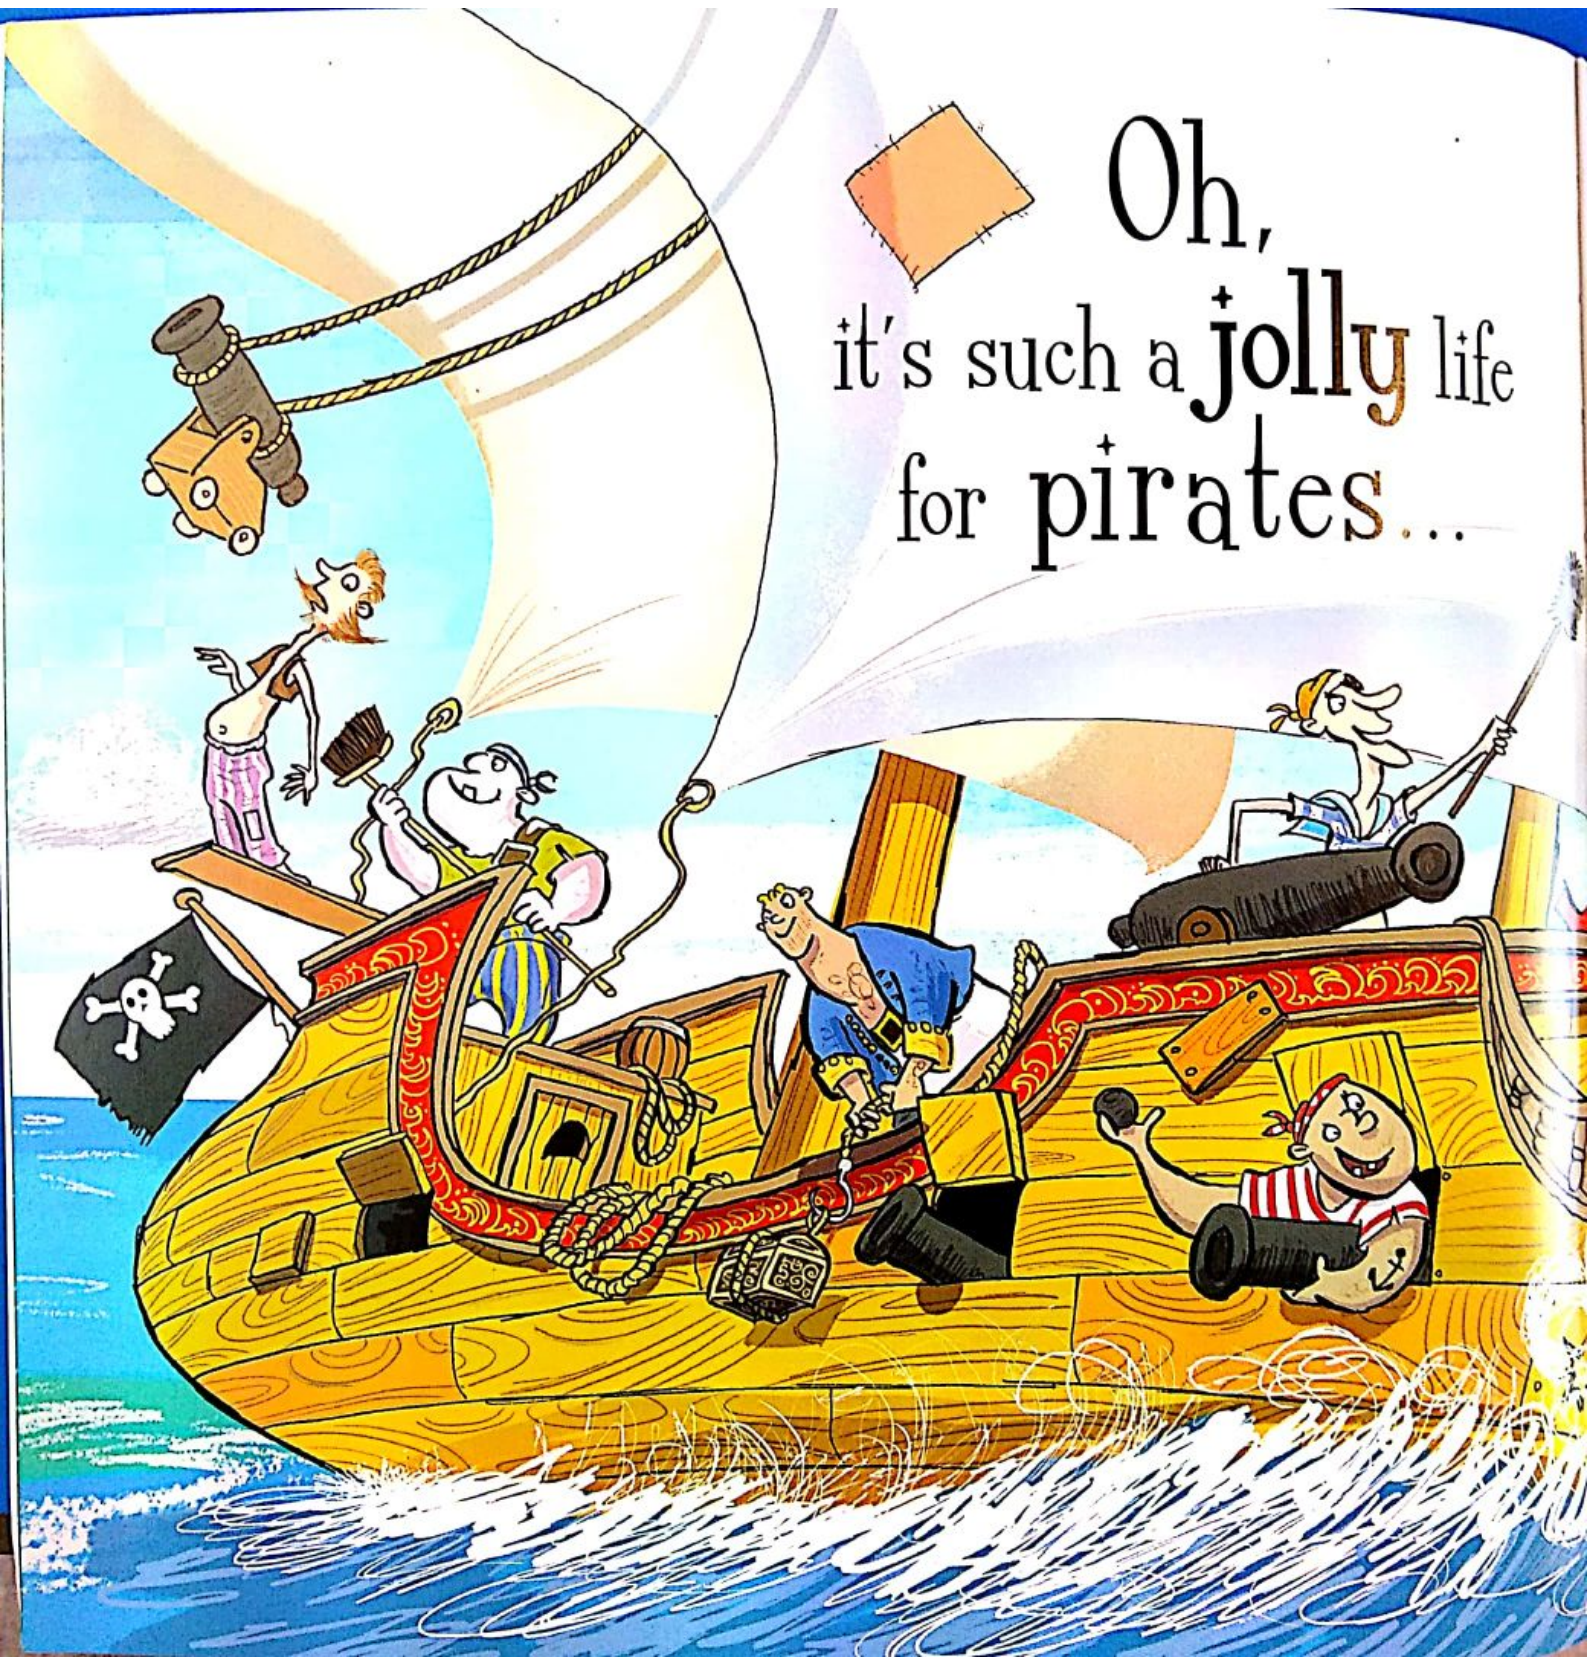

# Really DO

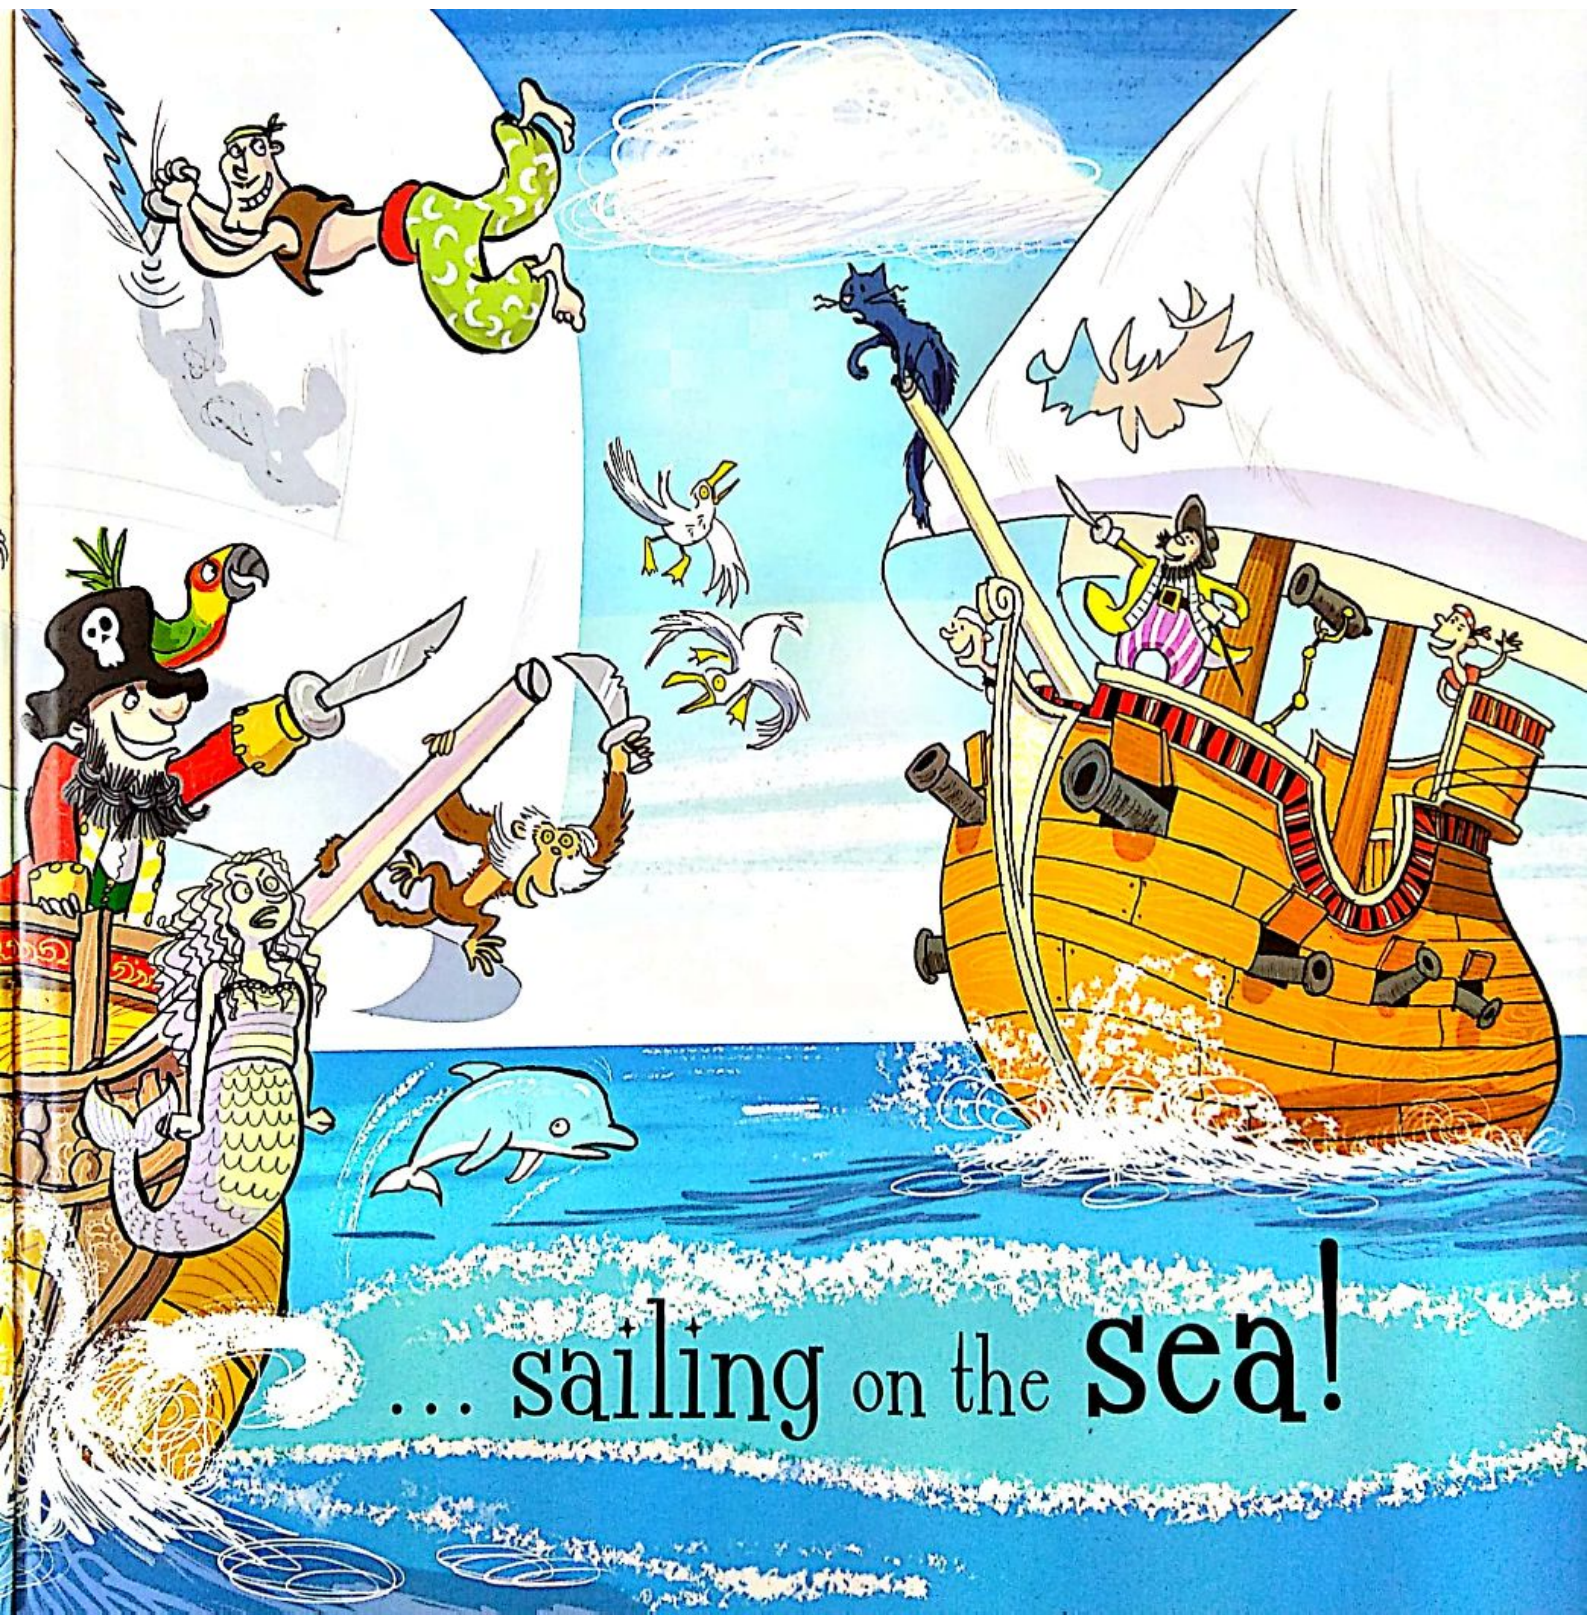

Discover the  
secret life  
of pirates

Oh,  
it's such a jolly life  
for pirates...

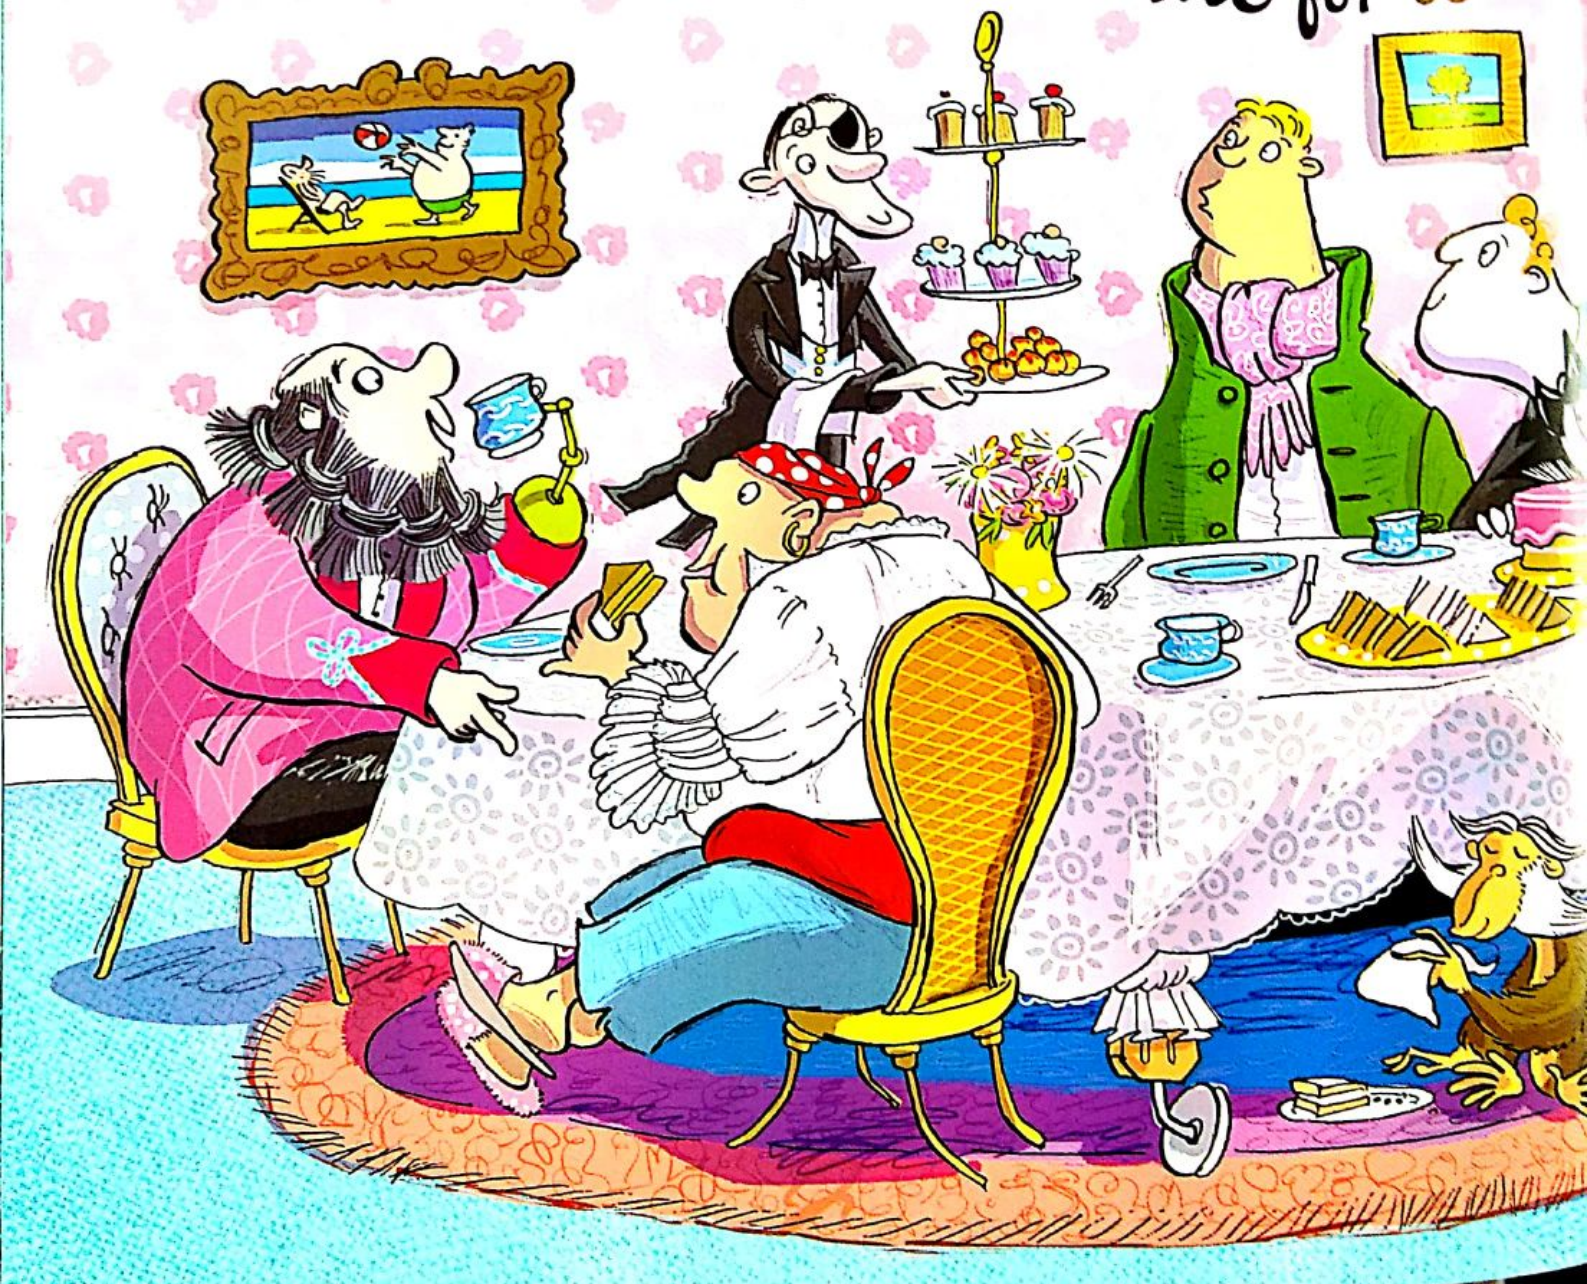

It's even jollier still  
when it's time to go home for tea.

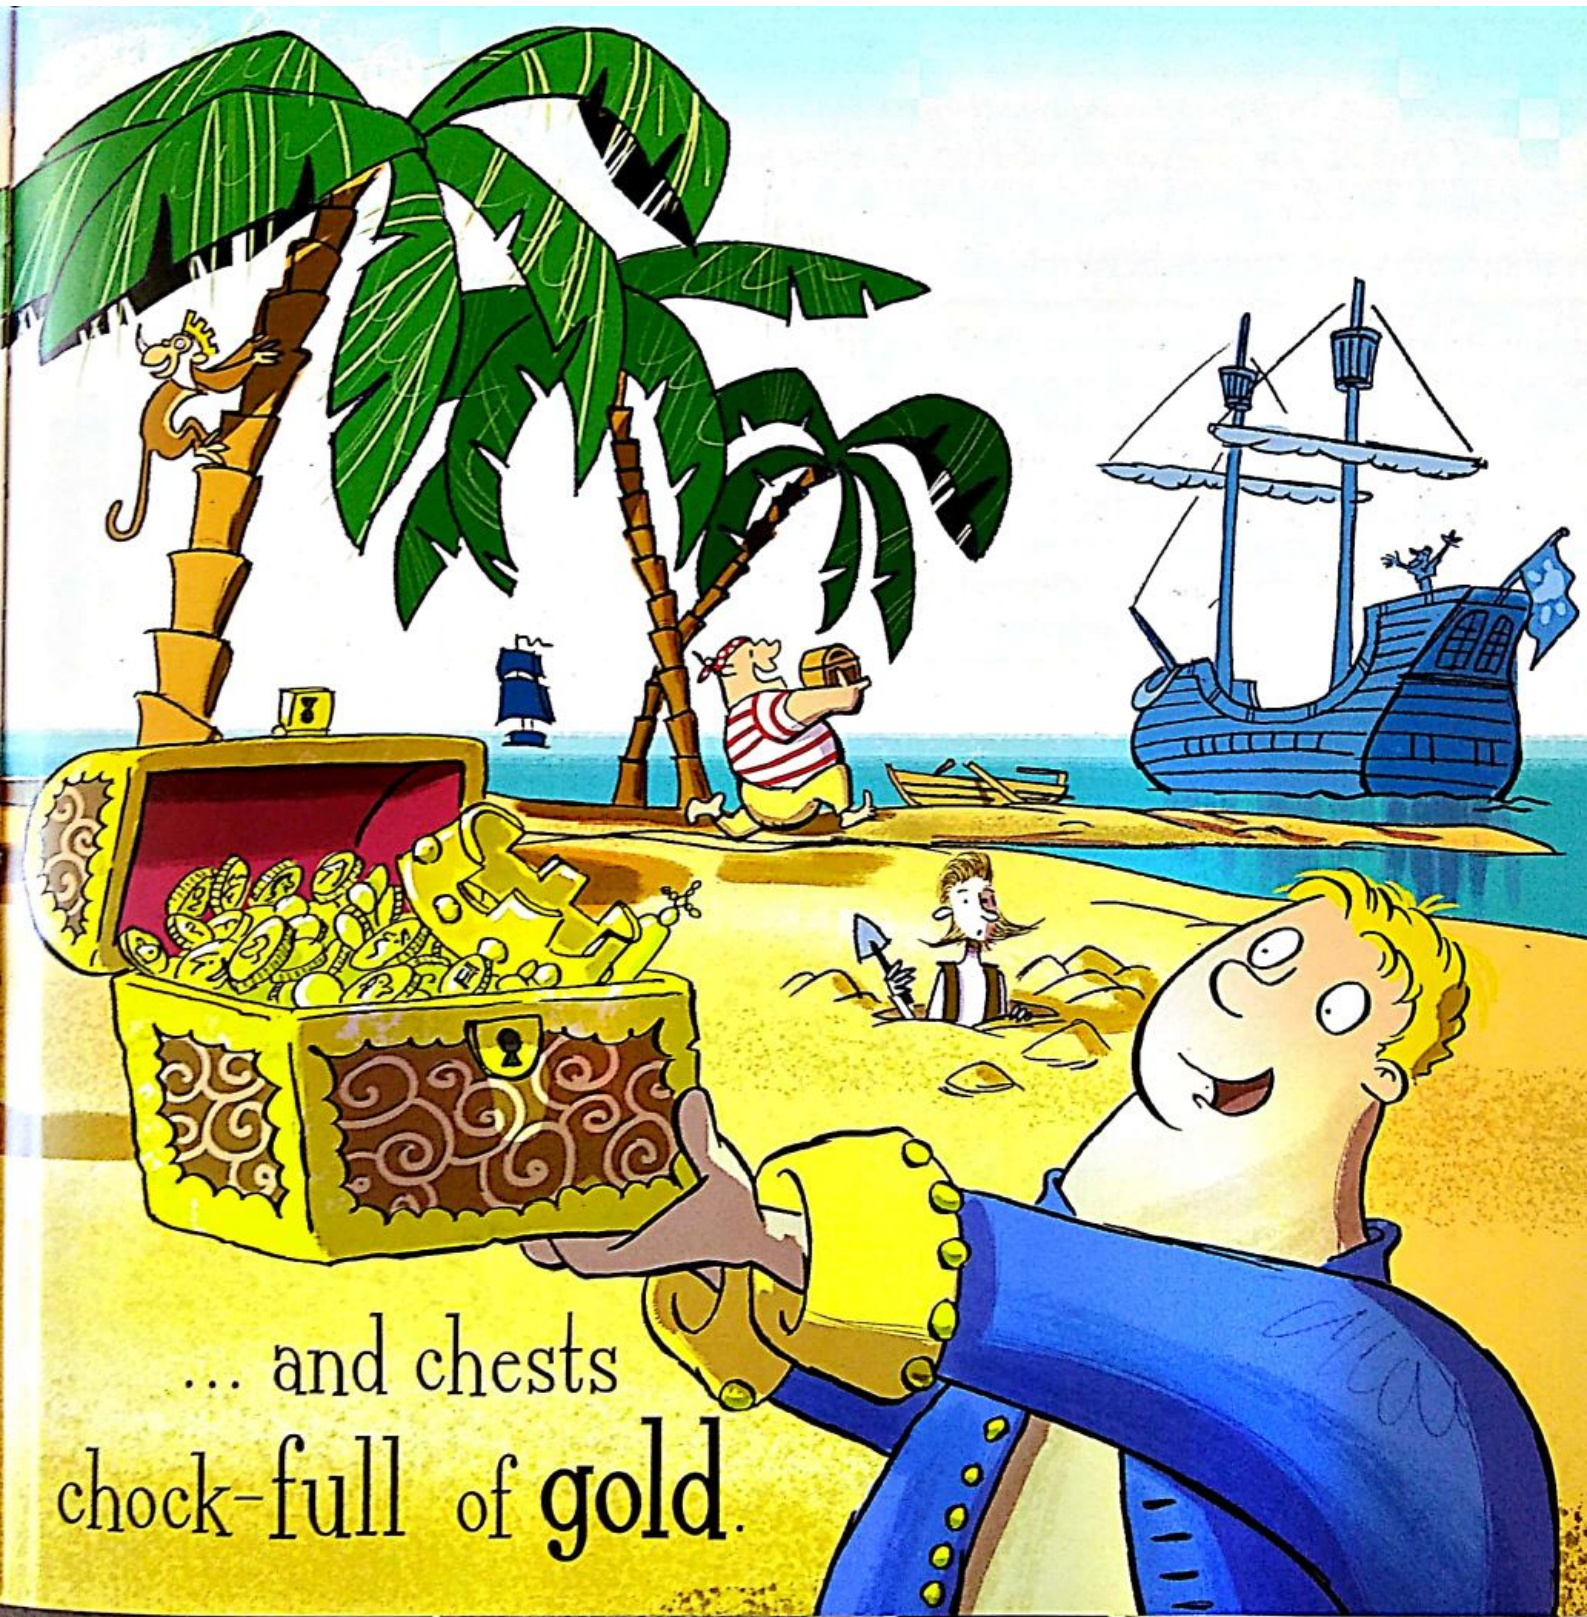

There are swashbuckling  
island adventures...

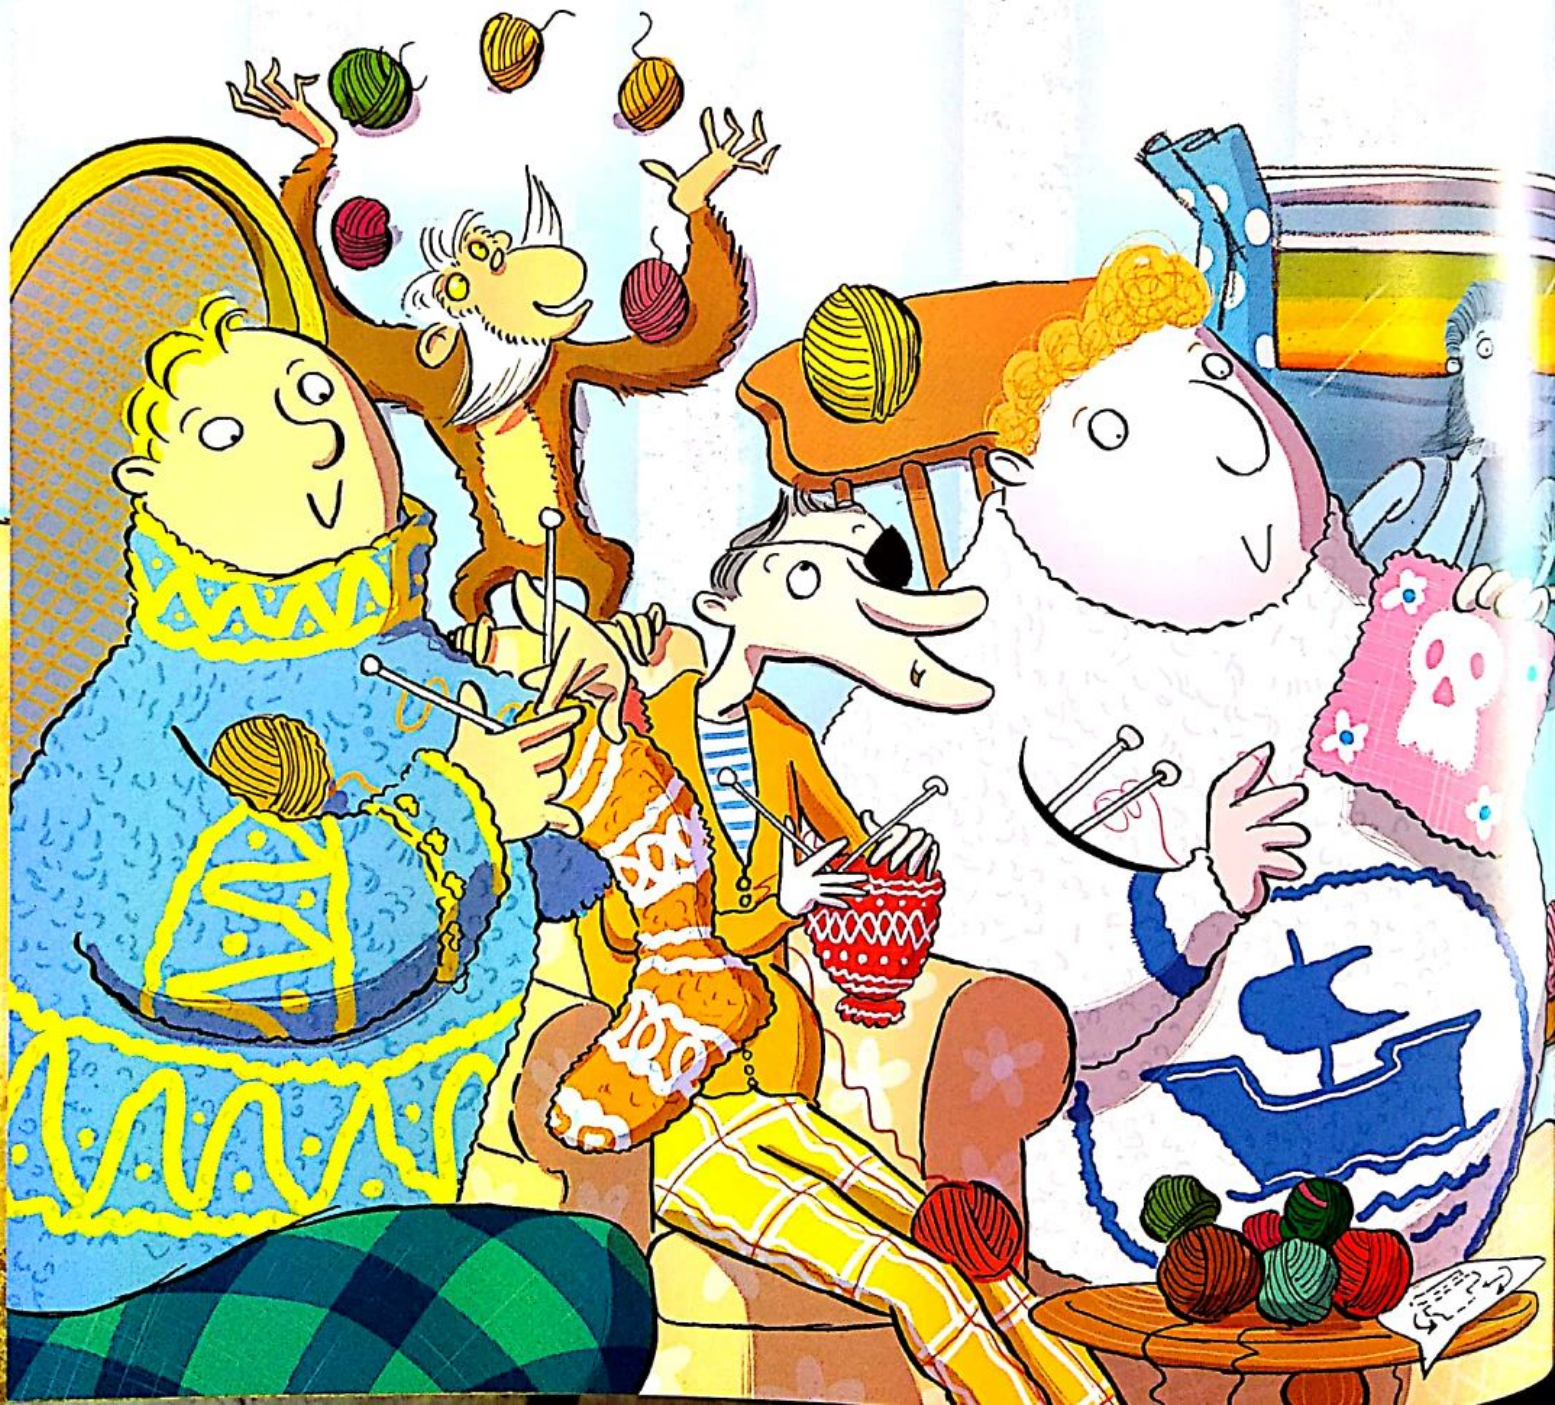

There are soft and cuddly knitting classes...

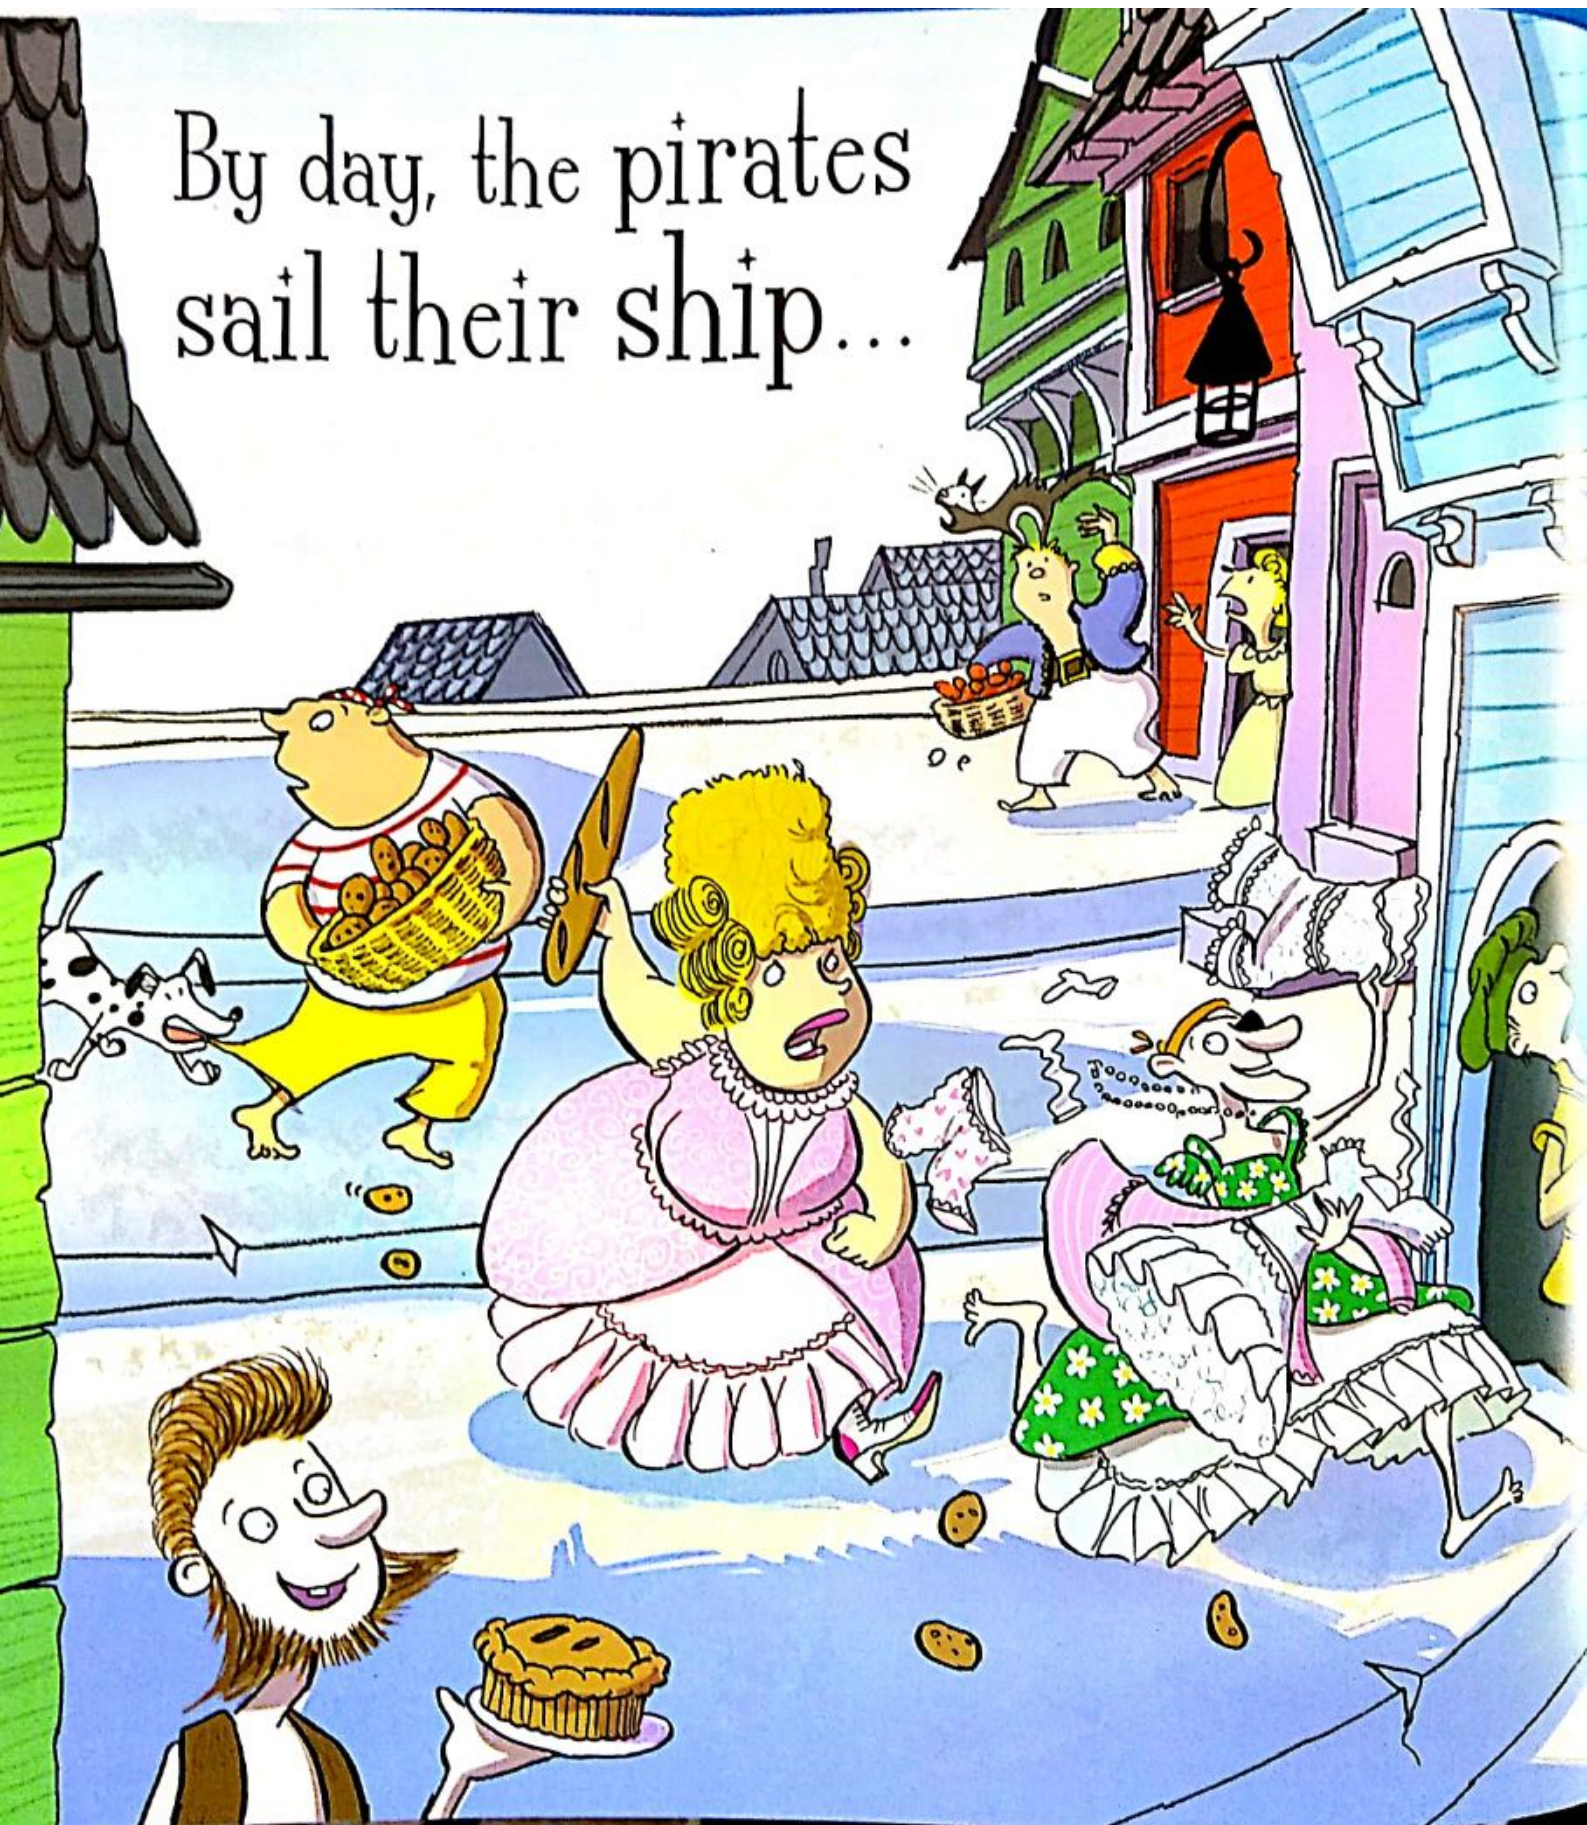

... when the weather's cold.

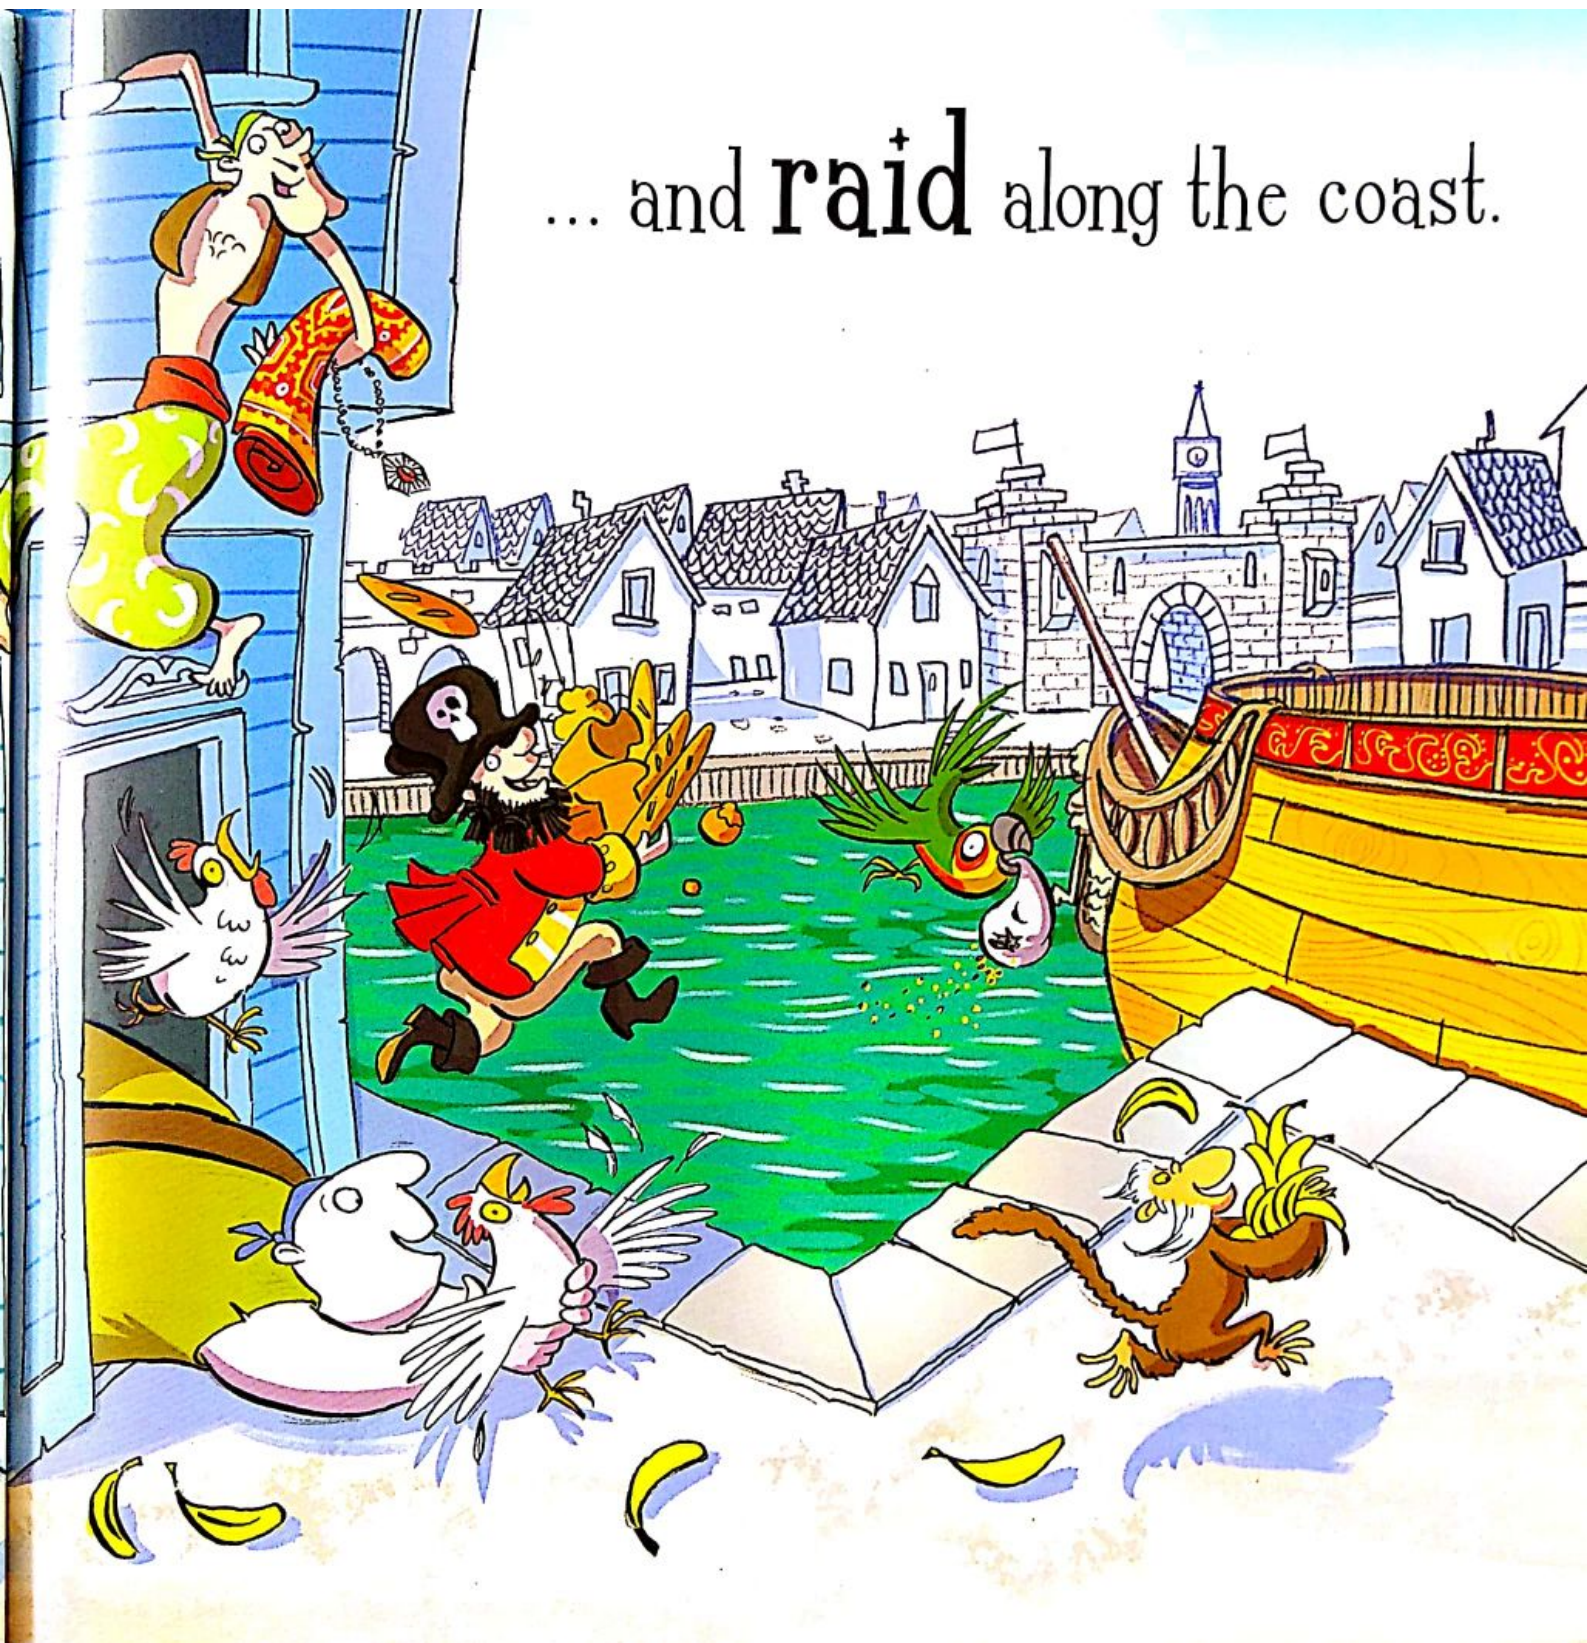

By day, the pirates  
sail their ship...

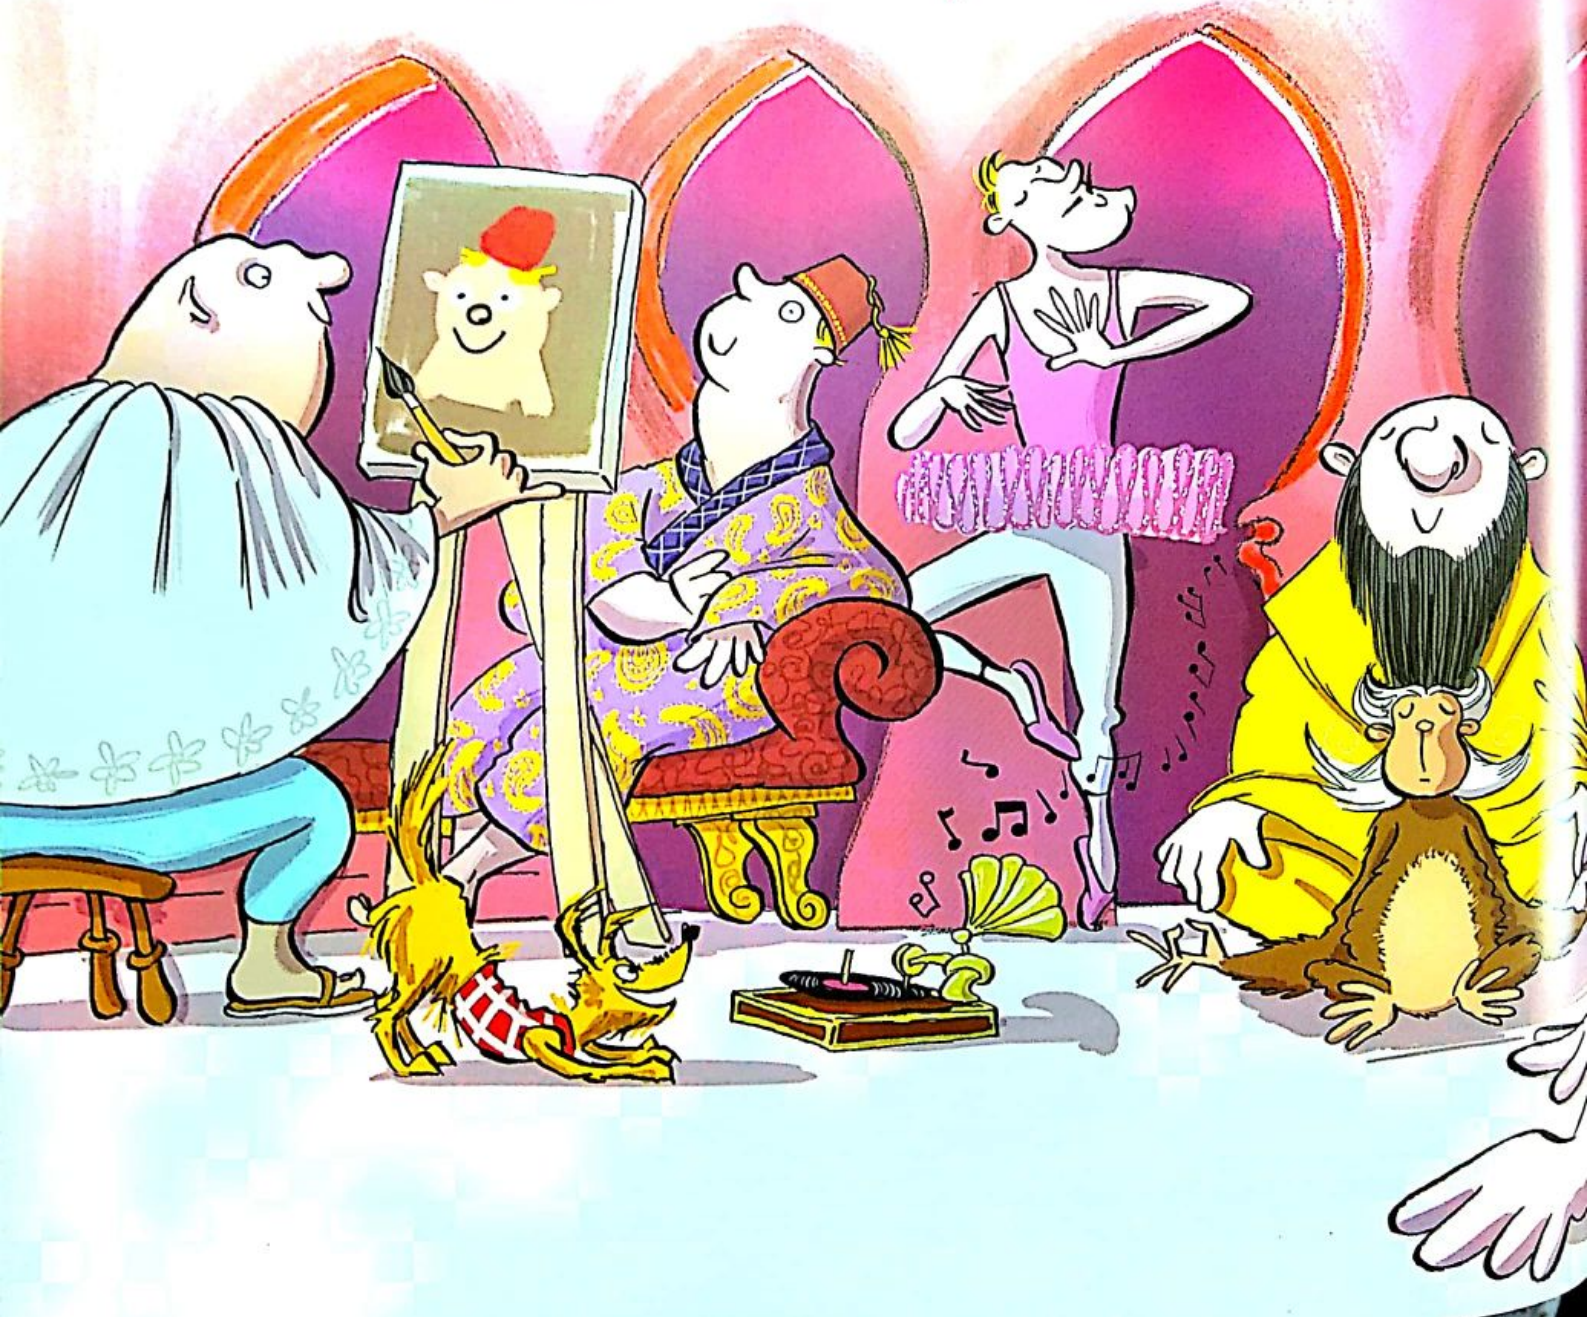

... and **raid** along the coast.

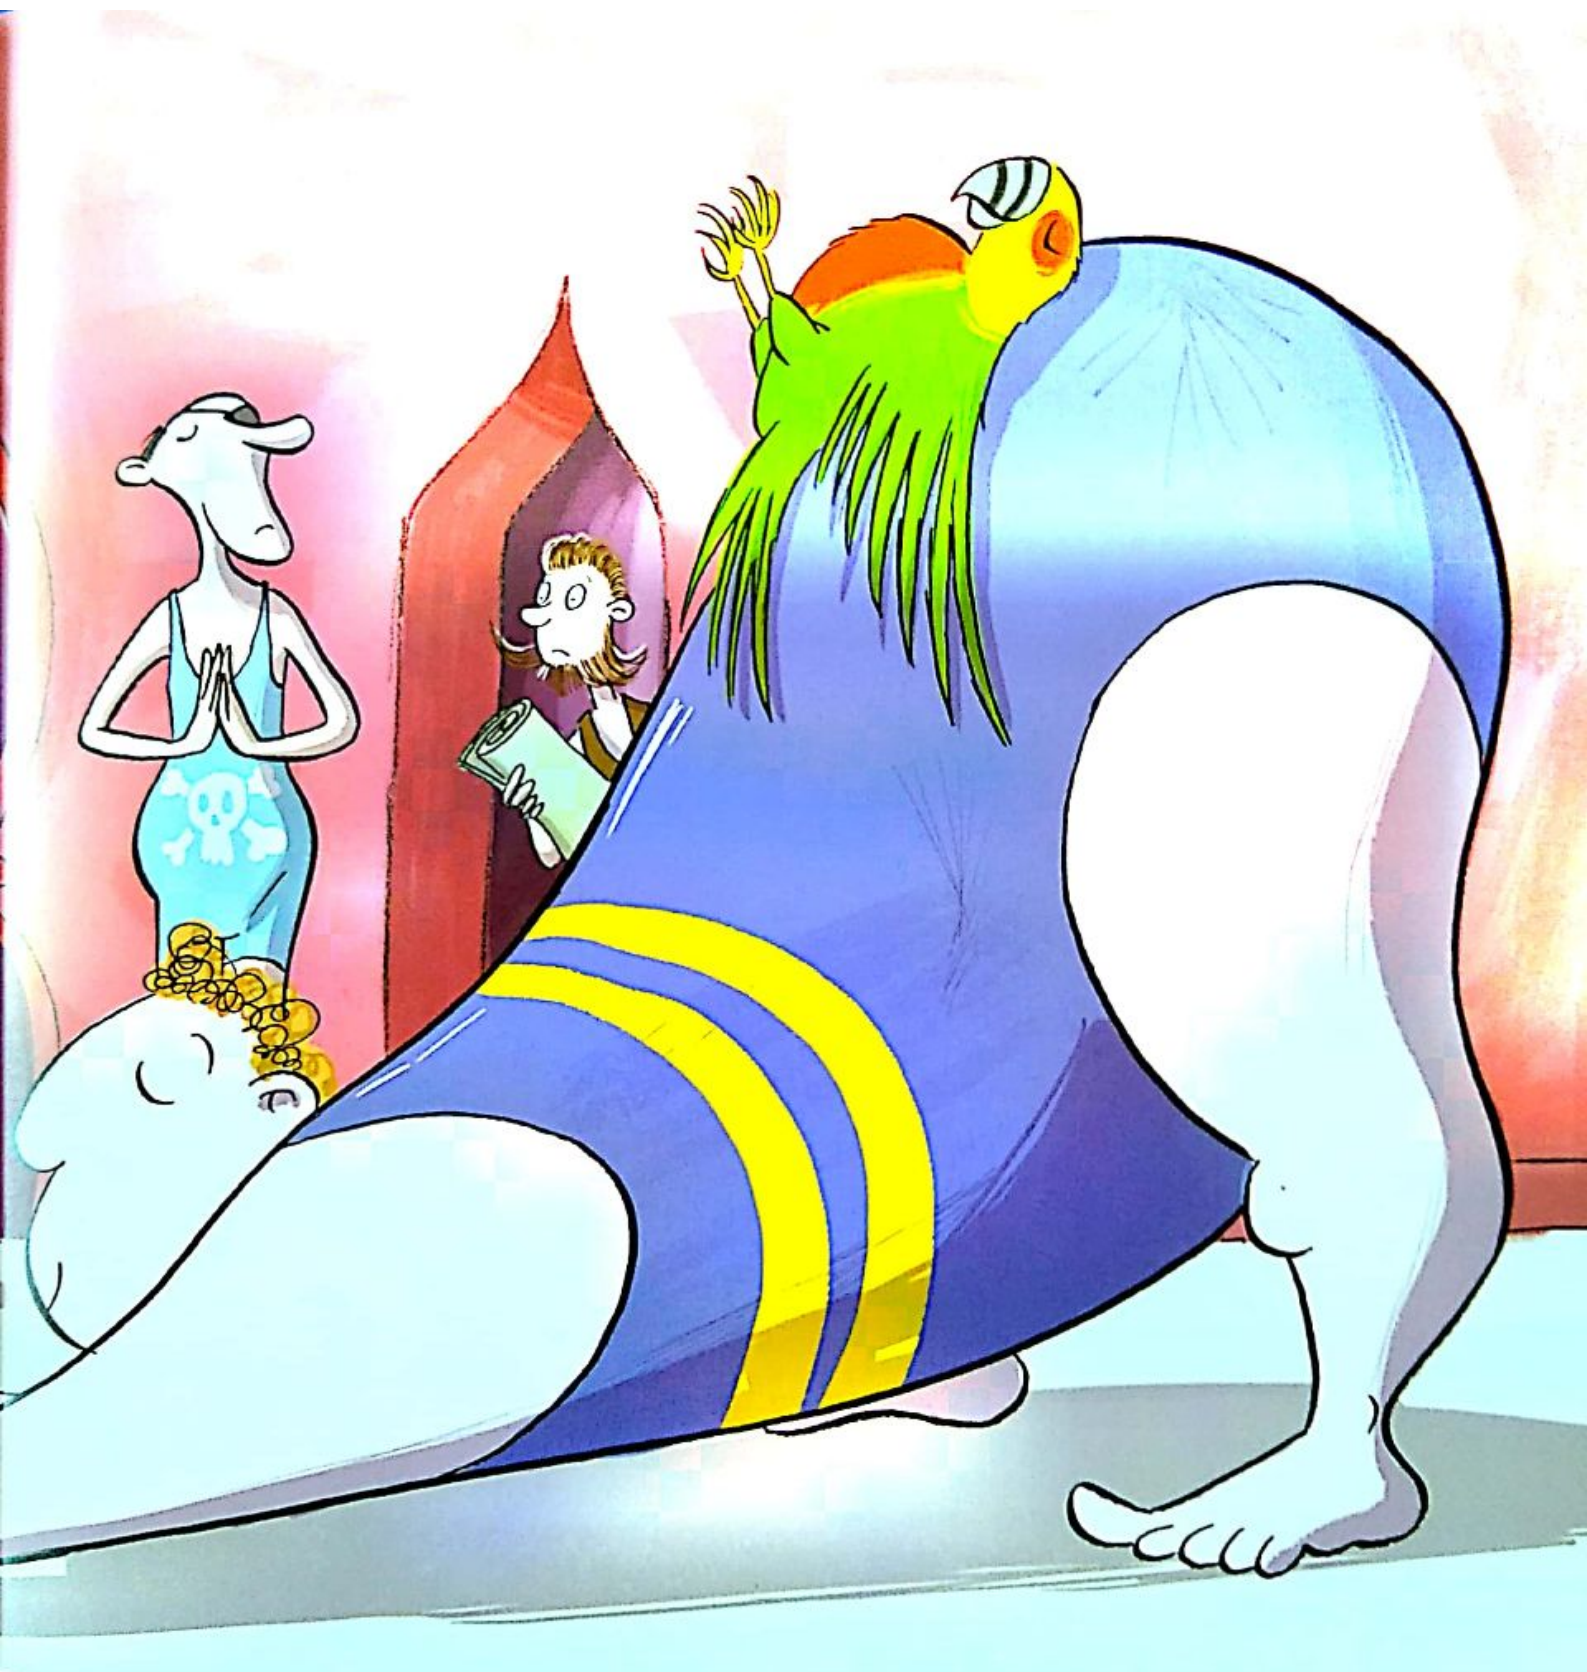

But relaxing in the evenings  
is what they like the most.

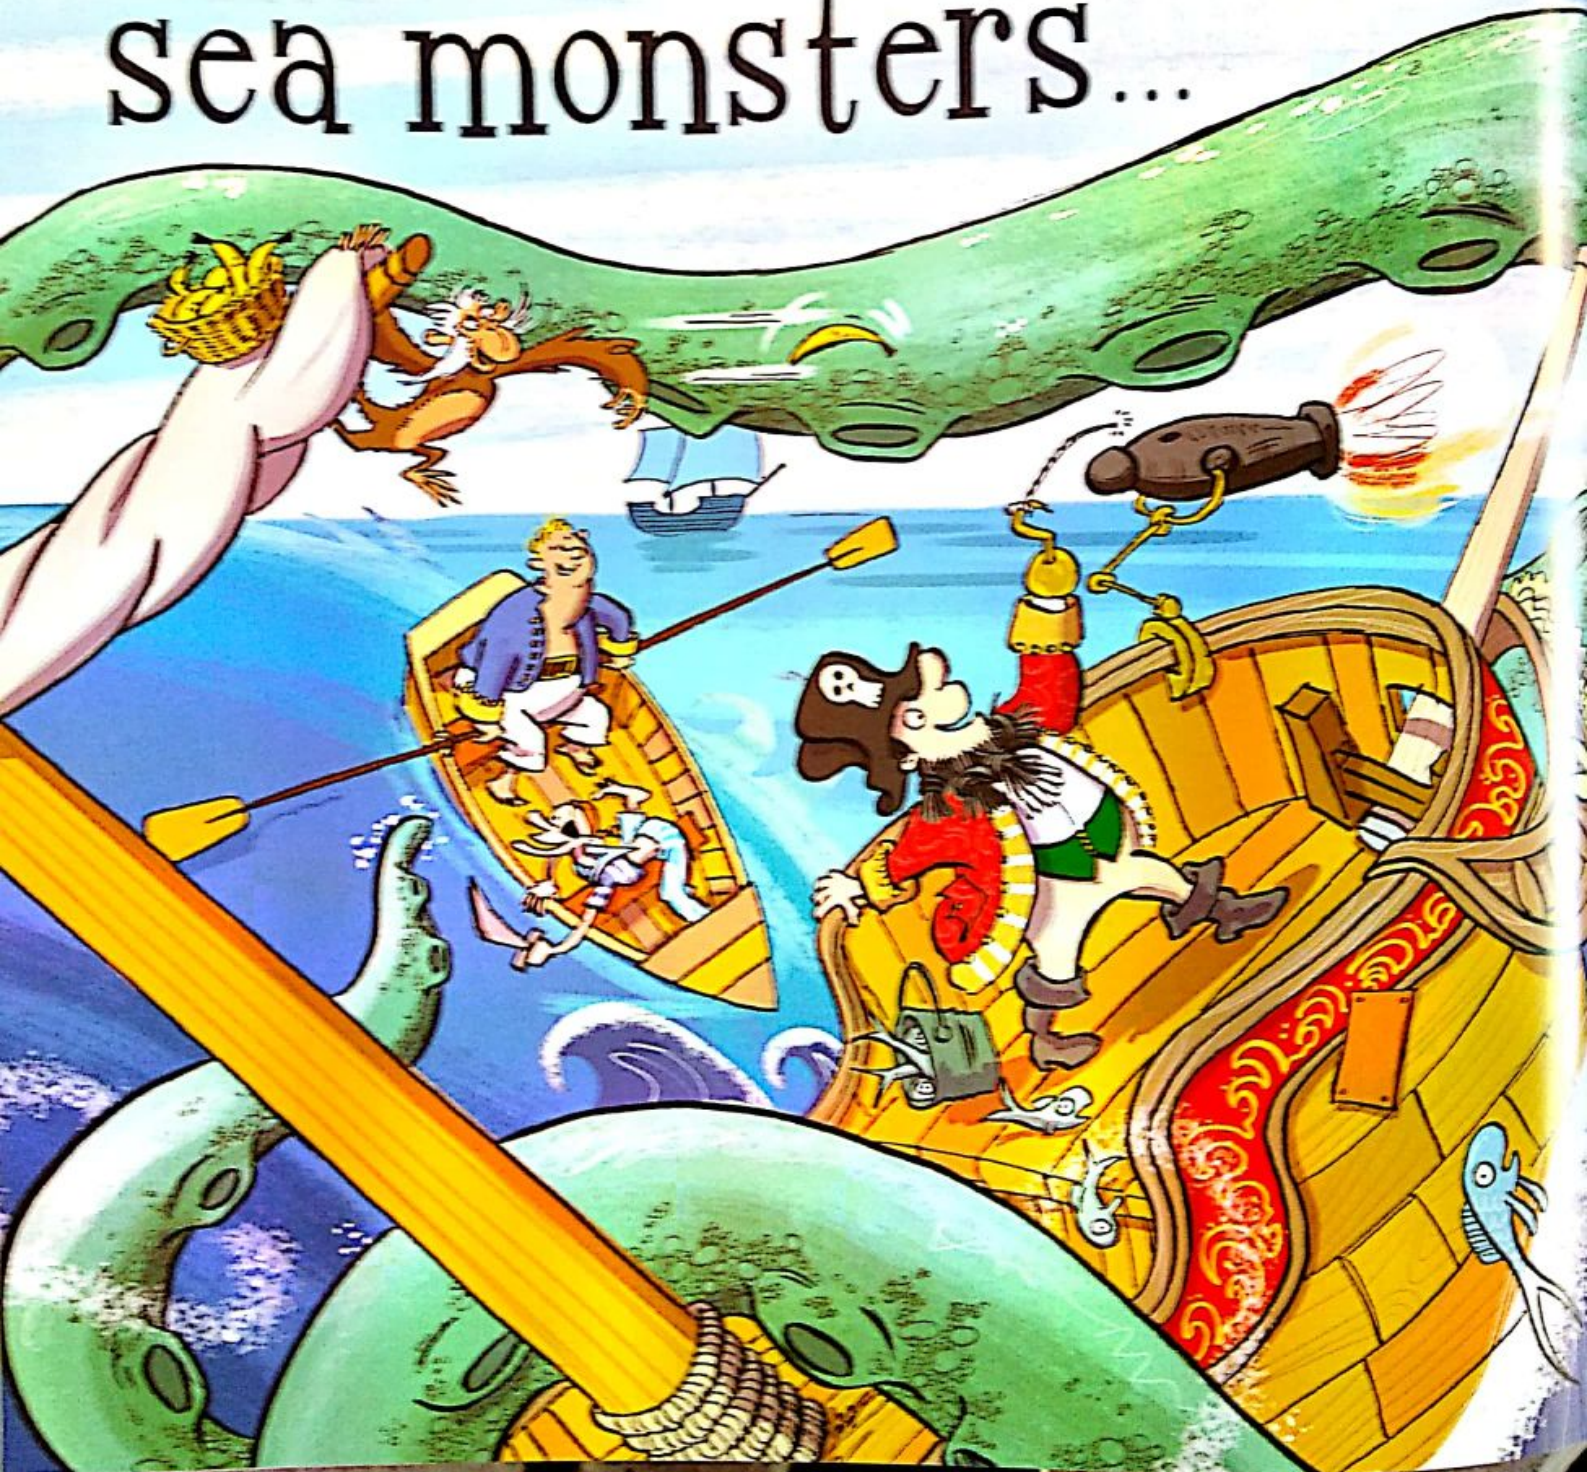

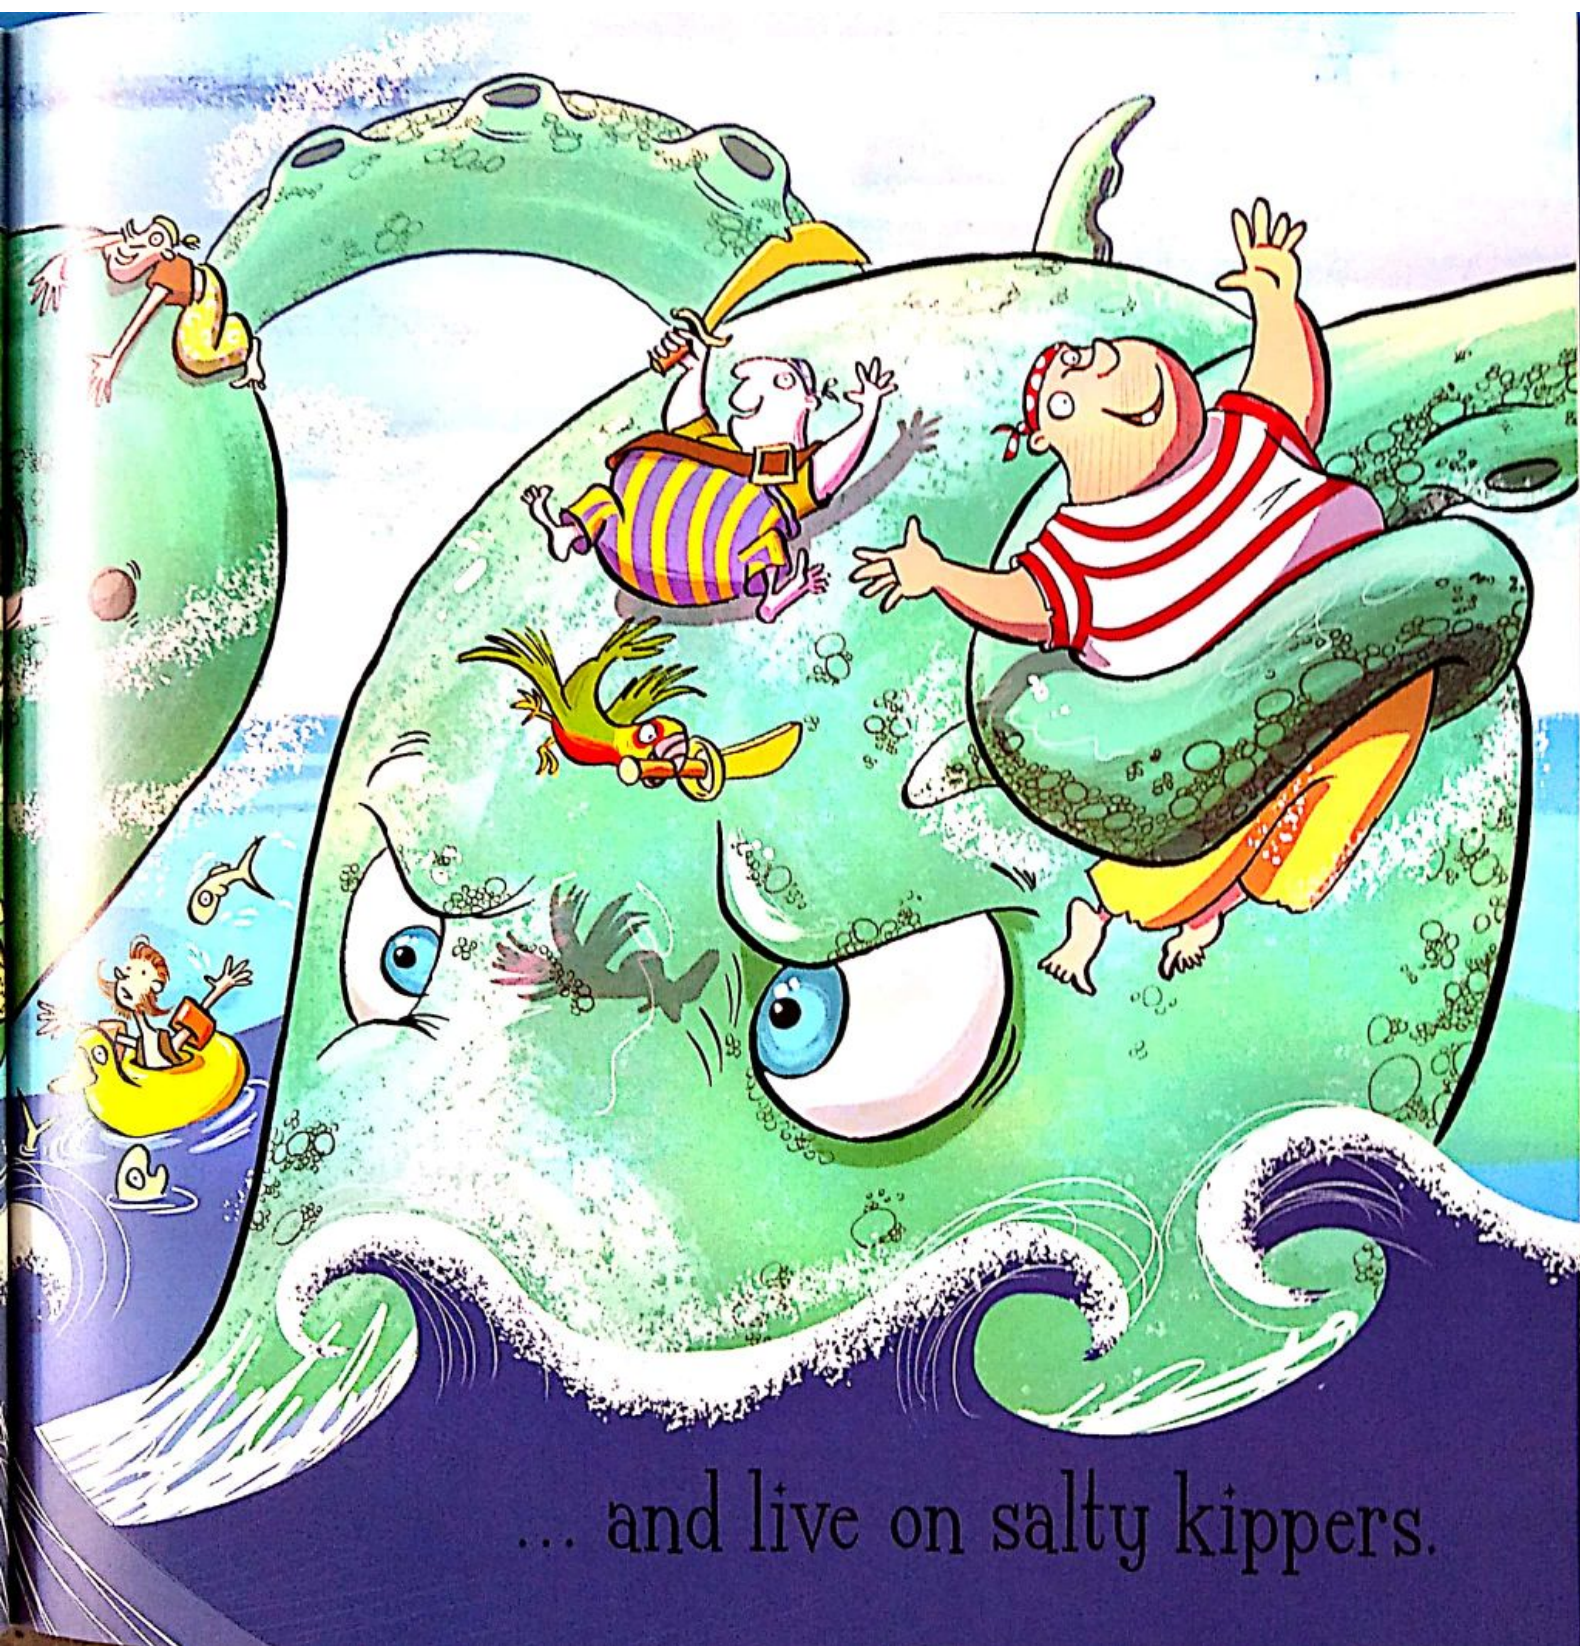

# Fearless pirates fight sea monsters...

... and live on salty kippers.

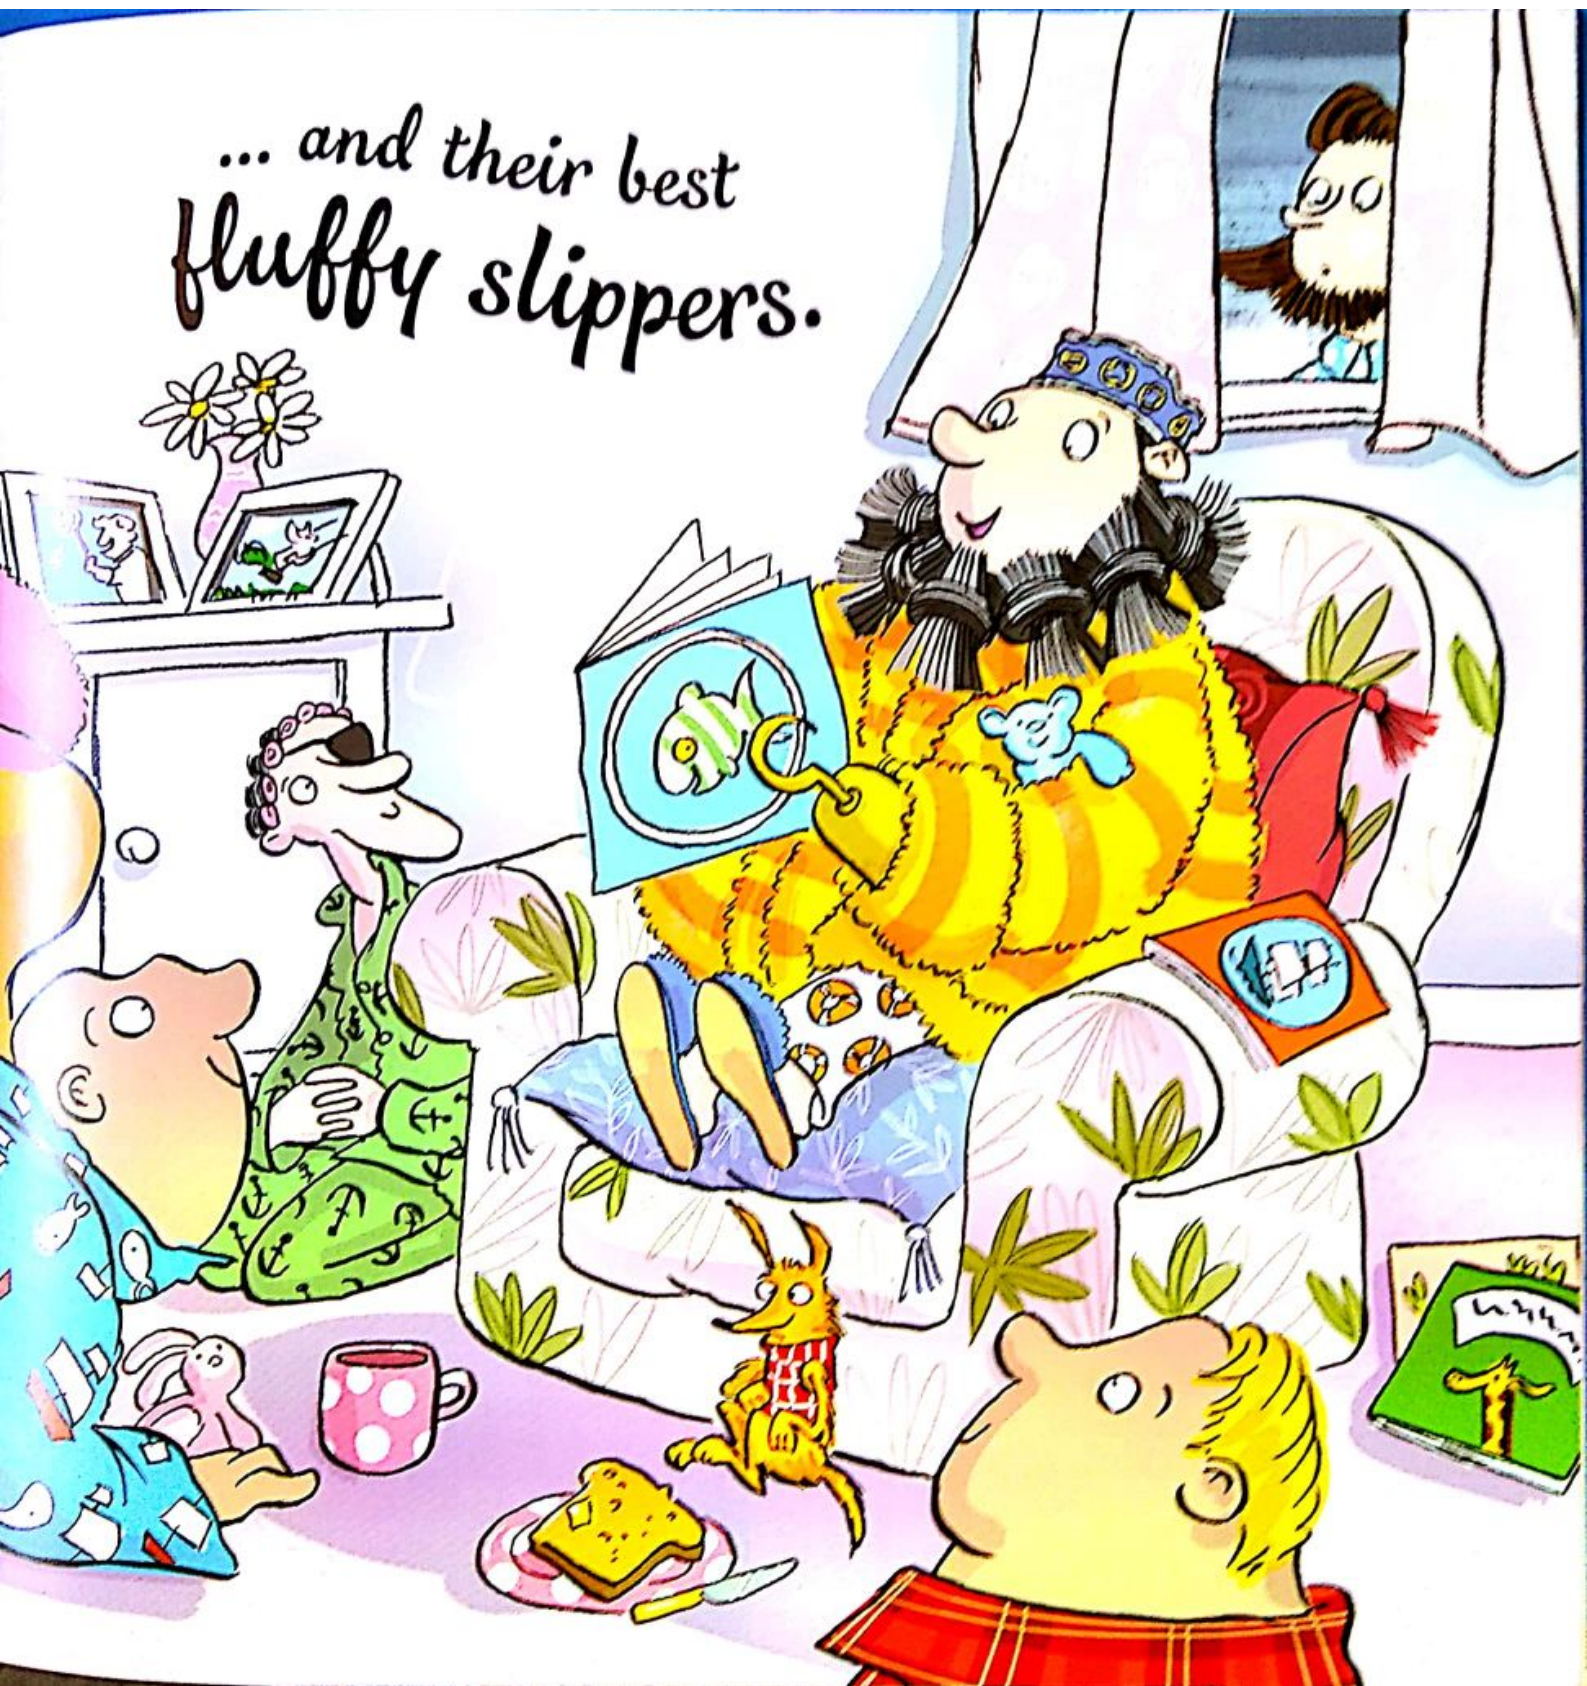

*Back at home, they put on pyjamas...*

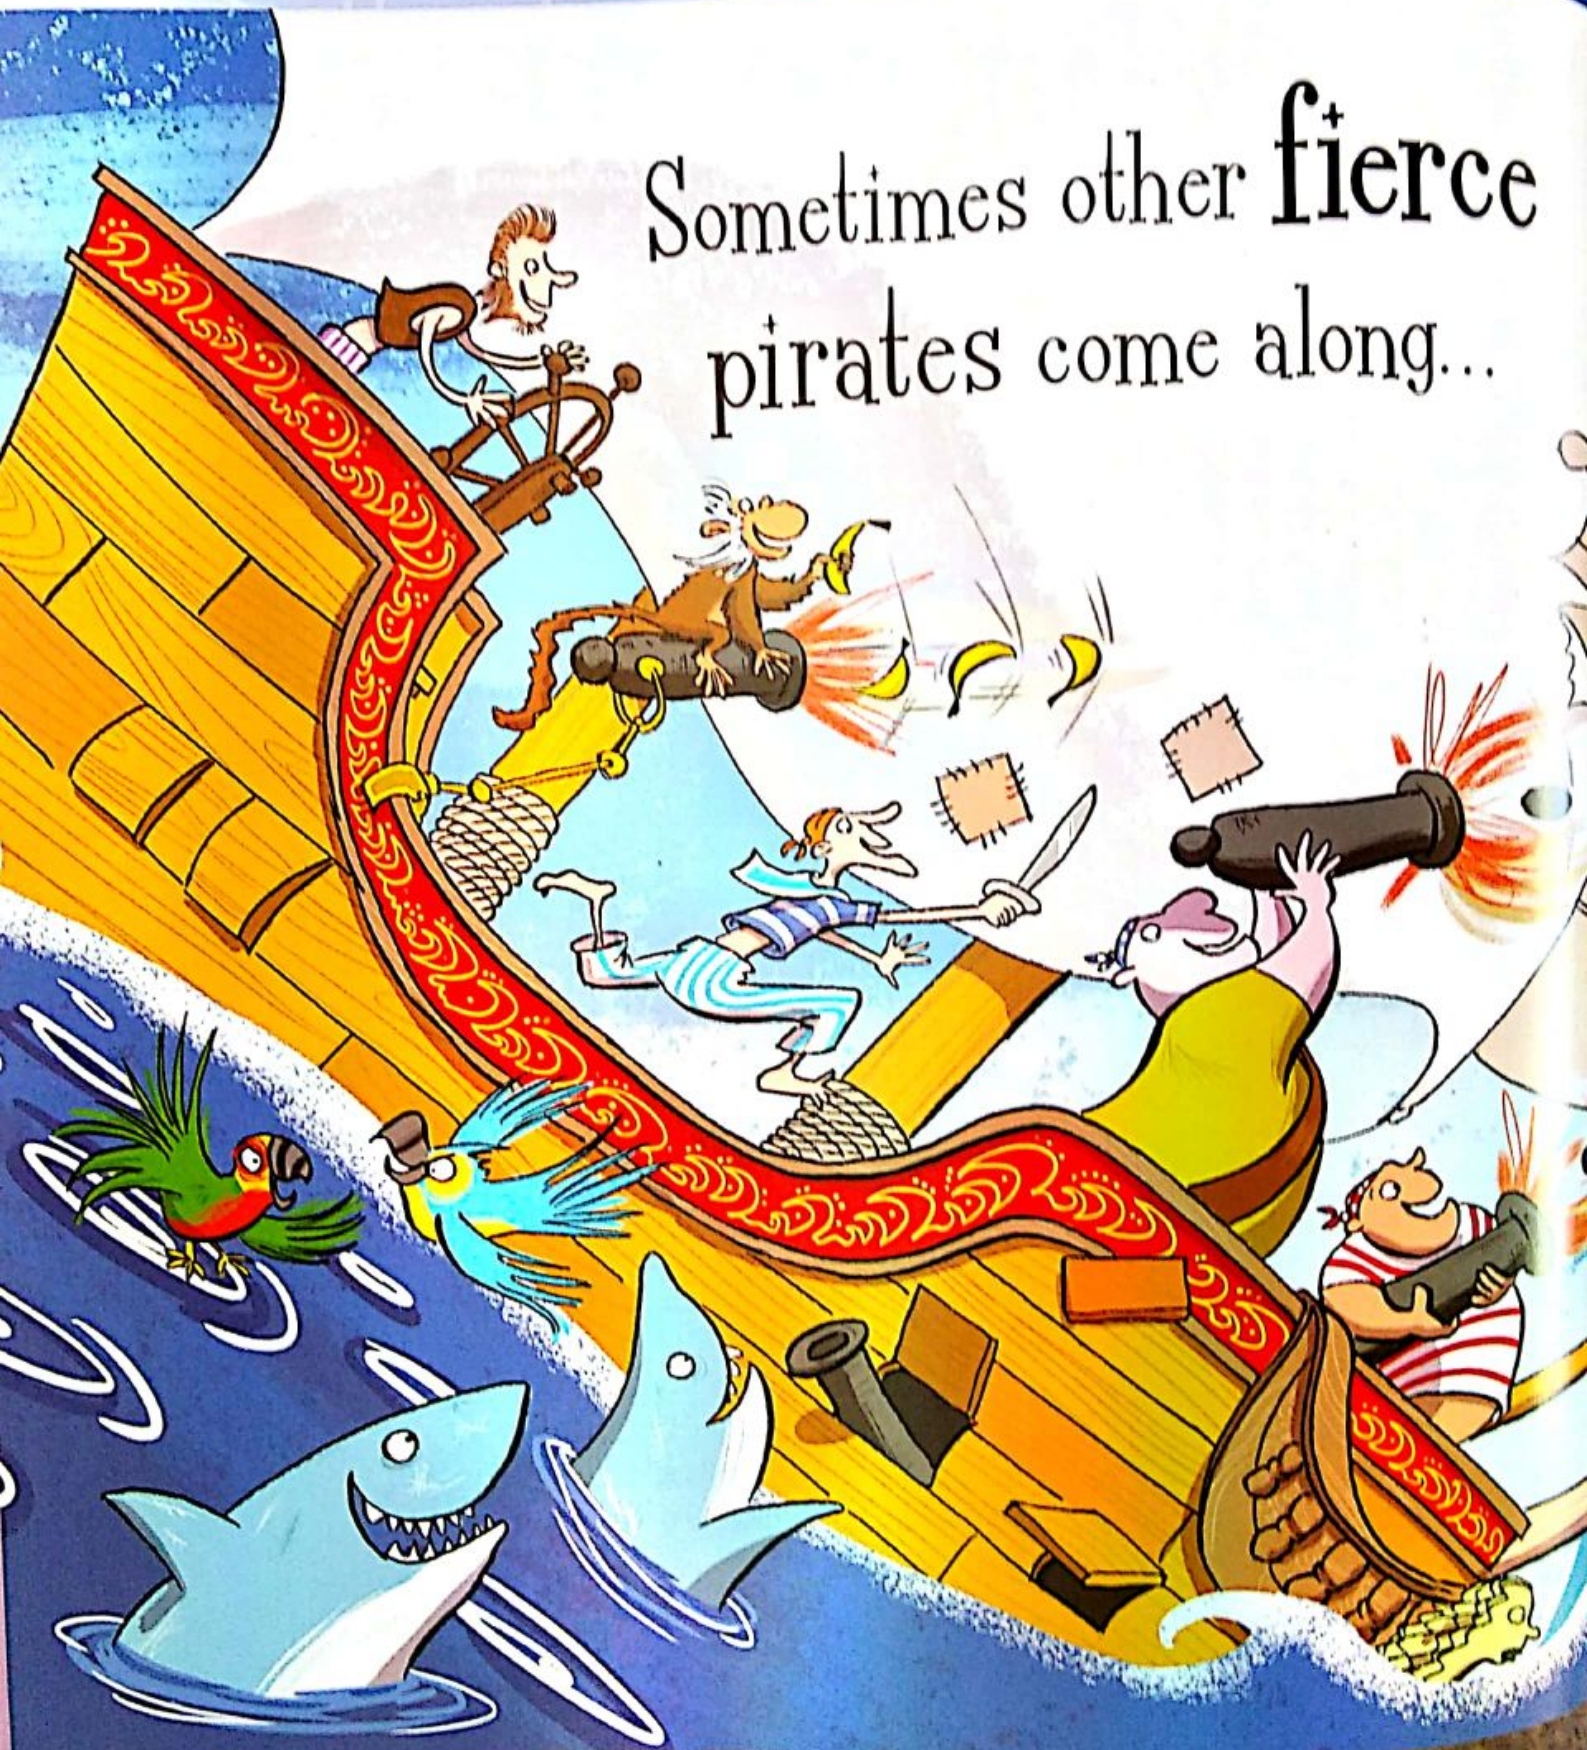

... and their best  
fluffy slippers.

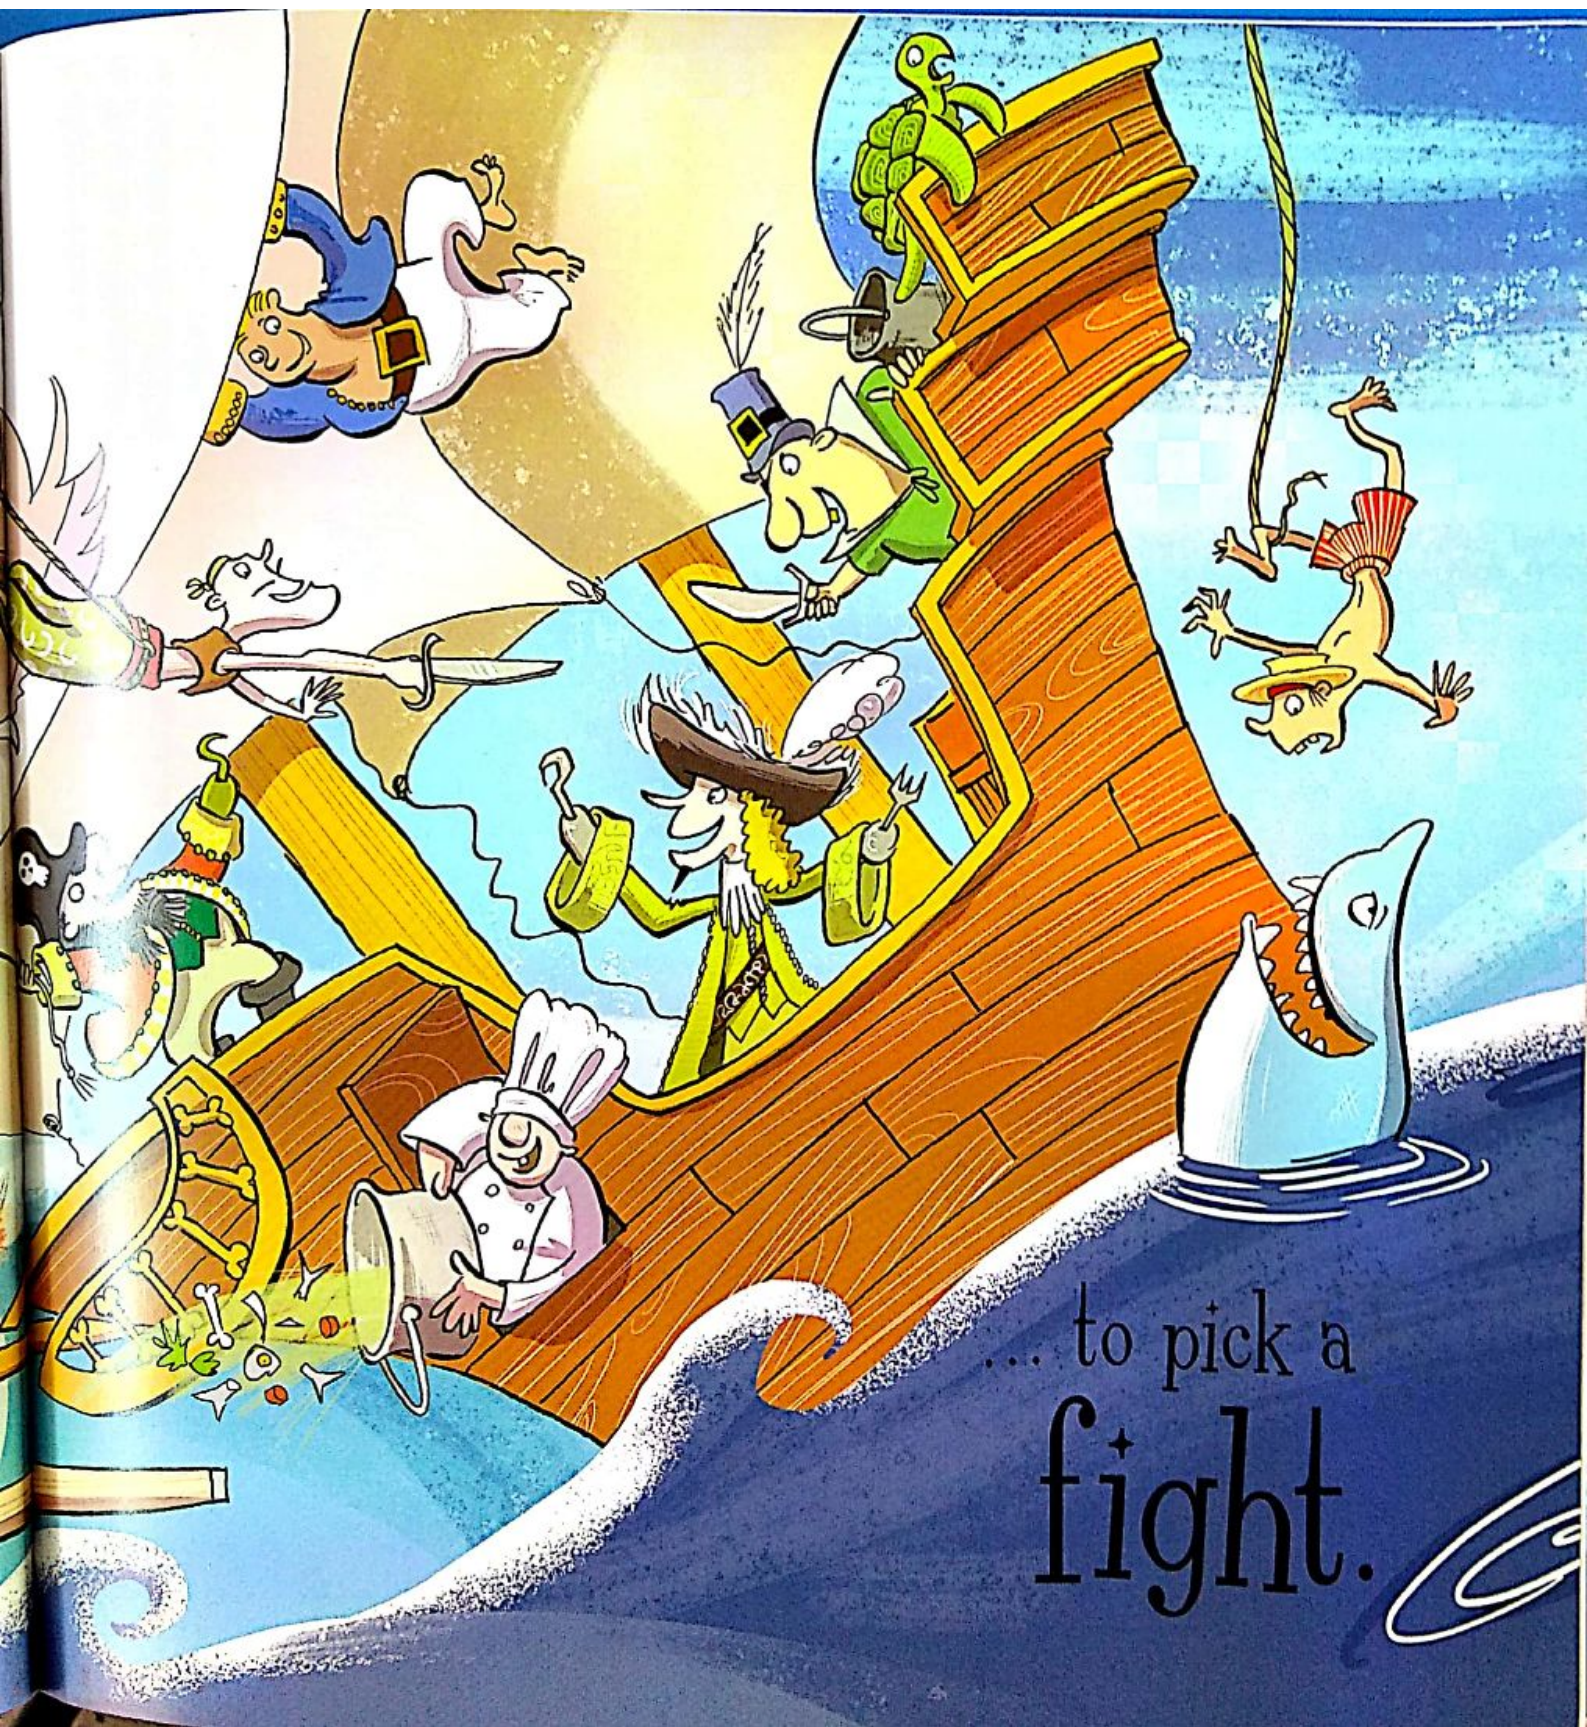

Sometimes other fierce  
pirates come along...

Then everyone goes home  
snuggles up...
