

Y1 TERM 5: A Bug's Life!

Welcome back to the start of a new and exciting term! We have a great topic planned. We cannot wait to see the projects you come up with 😊

Homework Activities

- Homework books will **need** to be in school every Friday to ensure new spellings can be stuck in and sent home. If possible can we ask that books are returned **before** Friday. Thank you.

Topic Homework Ideas- To do as a project throughout the Term

- To support our topic learning, you can complete tasks and projects using some of the ideas below. These are only suggested activities and we welcome your creativity so if your child has a different idea that links to the topic- brilliant!
- All of these amazing projects will be showcased later in the term for everyone to see! For the end of term please could all homework books be in school by Friday 18th May as we intend to have a final homework sharing on Monday 21st May.

Suggested Homework Tasks:

- Create your own 3D minibeast
- Minibeast diary - which different insects can you spot through the week?
- Write your own minibeast poem or riddle
- Draw a map of your route to school, make sure you include roads, trees, hills and anything else important you might see
- Have any famous people grown up in or around Paulton? Write a fact-file about them
- Can you think of a different minibeast for each letter of your name?
- We have created wormeries in the classroom, what do worms need to have to keep them alive and what food can they eat?
- Write a book review for your favourite book with a minibeast in, for example it could be: The Very Hungry Caterpillar, What the Ladybird Heard, Superworm.
- Any other idea you may have!

PARENT: I confirm that I have read through this with my child and will support them in any homework they undertake.

Signed:

Thank you for your continued support, from the KS1 Team. 😊
